Experience

UX/UI Designer

Freelance, Toronto ON | Aug 2023 - Present

- Collaborated with a local business owner to orchestrate a comprehensive E-commerce website redesign
- Facilitated meetings and strategic roadmap sessions to blueprint a design implementation plan
- Crafted detailed 2D and 3D digital assets to enhance product representation, facilitating a clear visualization for customers

Product Designer

Tenovos, Washington D.C | July 2021 - May 2023

- Collaborated with a cross-functional team to wireframe, create high-fidelity prototypes, and redesign core UI features
- Conducted user research and usability testing by actively participating in client meetings and utilizing analytics tools
- Designed mobile web view of the digital platform to cater to the growing demand for mobile accessibility

Digital Product Designer

VTO Group, Toronto ON | Oct 2020 - Apr 2021

- Redesigned the UI navigation of a client's internal CRM platform for tracking and finalizing sales leads
- Created sitemaps and user personas to visualize and communicate the user journey of my designs to developers
- Improved the client's design system to ensure UI components, colour and typography align with accessibility standards

Industrial Design Intern

Artisan Complete, Markham ON | May 2018 - Aug 2018

- Designed and 3D modeled visually appealing and functional displays that showcase products effectively for retail clients
- Produced documentation and specification sheets for engineers to provide clear instructions for production
- Conducted site visits to evaluate key product dimensions and accessibility needs for retail display installation

Volunteering

Design Judging Panelist

Western Founder Network, London ON | Mar 2024

- Contributed as a preliminary judging panelist in the evaluation of projects for University students in the Product Design sprint
- Provided feedback and advice for students to help progress their skills and career in UX/UI design
