**Wines from McLaren Vale**

## **2020 Preservative Free Grenache**

A small portion of three distinct Grenache vineyards were blended to produce this joven style. One from the Lacey vineyard in Tatachilla, another from 80-year-old vines at the base of the Willunga foothills at one of the southern most points in the Vale, and 60-year-old bush vines high in Blewitt Springs planted in deep sand. Parcels fermented separately, all hand harvested and gently destemmed to give whole berry ferments. 10-15% whole bunches were added to the bottom of each ferment to begin fermenting carbonically. Bottled after 2 months in seasoned puncheons and hogs heads. No fining, and no acid or sulphur additions

Lifted and Luscious, fruit driven with a structured finish.
