Hand picked at perfect maturity, grapes are sorted when arriving in the cellar. Co-fermentation of the 3 varieties during a 3-week-maceration: extraction is done by soft methods to respect the brightness of the fruit and their tannic quality. Final blending will age in stainless steel tank on fine lees for 9 months before bottling.

#### TASTING NOTES.

Power, structure and color are undoubtedly the signatures of the 2019 vintage.

Deep purple color with violet hints. Very expressive on the nose: the attack is round, dominated by Syrah (Floral notes of violet and spices) but thanks to tannins of excellent maturity, Grenache shows a dense, robust but supple structure. Very good length on the palate, full ripeness and a fine tannic extraction gives this balanced wine a significant ageing potential, a sure bet for the coming years.
