

OFS STAKS Private Office

Category

Desks and Tables

Subcategory

Desk

Designers Pam Light and John Duffy imagined places where furniture supported the way people work, rather than dictating it. Through conversations and sketches, they created Staks—a design vocabulary of furniture that fosters a habitat that feels personal and natural, includes eclectic textures and patterns, and scales flexibly to individual needs. We’ve added new options for soft, rounded surfaces to that vocabulary, including beautiful wood legs that evoke a sense of home in any setting.
