# A great smile opens doors. Get yours here

Hi there!

Thank you so much for downloading this guide.

What's behind the Green Door, you ask?

As you step inside, a warm welcome awaits. Friendly smiles and plush new facilities will make you feel right at home. We'd love to get to know you — and pretty soon, visiting Green Door Dental will feel more like visiting a friend!

Our premises may be fresh and new but behind our doors are decades of dental health expertise. Unlock truly personalised care and a full range of dental treatments. We've got everything (yes, everything!) you need under one roof.

Feeling a little nervous? We offer sleep dentistry so you can feel completely relaxed while we care for your smile.

With easy online booking, seamless check-in and multiple convenient locations, we've made taking care of your teeth an absolute breeze!

So, come on in. Our door is open. We can't wait to welcome you,  
George and the Green Door Dental team

# Don't let dental anxiety hold you back

Lots of our patients feel anxious about dental appointments. But when they come to Green Door, they know we'll be able to ease their nerves with our sedation dentistry.

We offer a few different types of sedation dentistry to help you relax during your visit, including:

1

**A relaxing gas that is used during your appointment – great for general treatments like check-up and clean.**

2

**A sedative (liquid) that we can prescribe and you can take before your appointment – best for longer treatments like Root Canal Treatment or Porcelain Veneers.**

3

**IV sedation – used for more complex treatments, like dental implants or wisdom teeth.**

Come in for a consultation and our dentists can help you work out which type of sedation will work best for you.

# No surprise costs hiding behind this door.

Sure, surprises can be fun... But not at the dentist. There's nothing more off putting than hidden fees and fine print so we've laid out all of our pricing information right here for you.

We'll always be transparent and upfront with costs so you'll always know what to expect. Check out the cost of any procedure on the following pages, and if you have questions, don't hesitate to ask the Green Door team.
