Closing remarks by Chairwoman Sarah Augustine	69

1 BE IT REMEMBERED that on Monday, June 14, 2021, at
2 7:02 p.m., before Sue E. Garcia, Washington State
3 Certified Court Reporter, residing at Tacoma,
4 Washington, the following proceedings were had, to wit:

5

6

* * * * *

7

8

CHAIR AUGUSTINE: Good evening, everyone.

9

I'm Sarah Augustine, the Chair of the Washington State
10 Redistricting Commission. I would like to welcome all
11 of you to this public outreach meeting, the sixth one
12 in this 2021 redistricting cycle.

13

The topic of discussion tonight is Congressional
14 District 3 and the legislative districts included
15 within the 3rd Congressional District.

16

I'll have more to say about that later. But first
17 let's kick things off with a video message from the
18 commissioners.

19

Maria?

20

(Video playing.)

21

22

CHAIR AUGUSTINE: Thank you, Maria.

23

So those of you from the public joining us today,
24 welcome again. It's my goal as Chair to facilitate a
25 process that is as participatory, fair, and equitable

1 as possible. I will endeavor to engage communities
2 across Washington as fully as I can and to hear and
3 address your concerns and requests.

4 Throughout our tenure as commissioners, we will
5 hear public comments that are important, and we will
6 listen to you. I will do my best to synthesize these
7 comments, and we will endeavor to respond as we are
8 able.

9 Still, it is possible that you will bring forward
10 in your public comments ideas, requests, and injustices
11 that we may not be able to address. We will certainly
12 deliberate on the issues where we have jurisdiction.
13 And where we don't, I will do my best to refer you to
14 those who may be able to respond more effectively.

15 I want to begin by reviewing the purpose and
16 values of the commission. Together as a commission
17 we've agreed on the following values and mission:

18 To provide an open, transparent, and credible
19 process that is grounded in statute and where all
20 voices are welcome and there's access for everyone;

21 To conduct ourselves with transparency, respect,
22 and civility, where commissioners will participate and
23 negotiate in good faith;

24 And to meet the deadline outlined by law;

25 And to produce the best possible maps for all

1 Washingtonians.

2 You may be aware that because of the pandemic this
3 redistricting cycle promises to be a challenging one.
4 While we should have received the data from the Census
5 Bureau that we need to begin redistricting by April 1
6 of this year, we don't expect to have that data until
7 late August.

8 Nonetheless, in April the Census Bureau did
9 deliver to the President and the nation the
10 apportionment data, which told us which states would
11 gain seats in the U.S. Congress and electoral college
12 and which would not. Based on that data we know that
13 in the last decade the population of our state grew by
14 14.6 percent and added approximately 1 million
15 residents.

16 Despite that population growth, it did not change
17 the number of congressional seats we're entitled to.
18 Washington will continue to have ten representatives in
19 the U.S. House of Representatives.

20 Based on the population growth in the state, our
21 job as the redistricting commission is to distribute as
22 equally as is practical the population among ten
23 congressional districts and 49 legislative districts.

24 Based on the census data from April, Washington
25 has a population of 7,705,281 residents as of April 1,

1 2020. Therefore, we need to draw ten new congressional
2 districts that are compact, contiguous, and convenient,
3 and made up of approximately 770,528 residents, and 49
4 new legislative districts that are also compact,
5 contiguous, and convenient, and made up of
6 approximately 157,251 residents.

7 Statute also instructs us, insofar as it is
8 practical, to minimize drawing district lines that cut
9 through counties, municipalities, or communities of
10 interest. And the commission is committed to applying
11 these principles while we try to create equally
12 proportioned districts.

13 So while we know the overall population of the
14 state according to the census, we don't yet know the
15 particulars of percentage growth across neighborhoods
16 and counties.

17 State population estimates of the last ten years
18 do give us a relatively good idea of where our
19 7.7 million residents live, what districts will need to
20 get larger in an area to add more residents and which
21 districts will need to get smaller in order to shed
22 residents. And as we add or subtract neighborhoods
23 from one district, that will cause the need to make
24 corresponding adjustments to the neighboring districts.

25 To show you broadly --

1 Marie, can you please share the first map.

2 Thank you.

3 This map shows Washington state and its ten
4 congressional districts. The darker the brown colors,
5 the more the district needs to grow in size. And the
6 darker the teal colors, the more the districts need to
7 shrink in size.

8 So regarding the topic of discussion today, the
9 3rd Congressional District, the map indicates that the
10 3rd CD, according to state population estimates, has
11 slightly less residents than the needed 770,000
12 residents to make it proportional. Depending on the
13 final numbers we get from the Census Bureau, it looks
14 like this congressional district may have to absorb a
15 few more residents.

16 Now, next slide, please, Maria.

17 The 3rd Congressional District includes all of
18 Legislative Districts 49, 17, 18, and parts of
19 Legislative Districts 2, 14, 19, and 20.

20 Based on state population estimates, we can see
21 that the 2nd, 17th, and 18th have more than the
22 157,000 residents that each district should have, and
23 while -- and -- while the Districts 14th, 19th,
24 20th, and 49th have less than the needed 157,000
25 residents.

1 Thank you, Maria.

2 So that's just a brief overview of the challenges
3 that your redistricting commission face this year. In
4 essence, commissioners have to create a new puzzle out
5 of the state, and the puzzle pieces have to contain
6 nearly exactly the same population. As we make one
7 puzzle piece smaller, its adjacent puzzle pieces will
8 need to absorb those additional areas, meaning that
9 every time a boundary is moved, it creates a cascade of
10 changes in surrounding districts.

11 I was at a conference last week where Secretary of
12 State Kim Wyman likened our task as similar to solving
13 a Rubik's cube, which is quite an apt analogy.

14 So the purpose of our meeting tonight is to listen
15 to your input about your community and how to ensure
16 that the districts are fairly balanced in terms of
17 population but also respect shared community interests.
18 The commission may not be able to meet every interest.
19 But as commissioners try to weigh the trade-offs
20 inherent in this process, your opinions are welcome and
21 valued.

22 This evening we had more than 90 individuals who
23 signed up to testify. We're going to invite
24 individuals in groups of four to testify. Each
25 individual will have two minutes to offer their

1 comment. After four people have testified, we'll see
2 if the commissioners have any questions of those four
3 testifiers, and then we will move on to the next group
4 of testifiers.

5 With that summary, Sean, let's begin. Please call
6 the first panel.

7 MR. MURRAY: Good evening, Chair. Good
8 evening, commissioners.

9 Our first panel will be Elaina Dailey (phonetic),
10 Marcia Manley, Brian Gellatly, and Michelina Roth.

11 We will start with Elaina Dailey.

12 Michelina, if you can --

13 Or I'm sorry. Elaina, can you turn on your video
14 and begin your testimony?

15 We will quickly go on to Marcia, if you can turn
16 on your video and begin your testimony. We'll come
17 back to Elaina.

18 MS. M. MANLEY: Can you hear me?

19 MR. MURRAY: Yes.

20 CHAIR AUGUSTINE: Yes. Welcome.

21 MS. M. MANLEY: Thank you. My video doesn't
22 work. We -- I just don't have the right Internet.

23 CHAIR AUGUSTINE: That's okay. No problem.
24 Go ahead and begin.

25 MS. M. MANLEY: This is the first time I've

1 participated in this process. And I was -- public
2 hearings, I'm used to having something presented to me
3 which I can comment on. So I'm walking into this
4 blindly.

5 I am the precinct officer for Klickitat area
6 around Mossyrock. And I think that we are very
7 representative of the areas from Randall clear on into
8 Chehalis and then north and south quite a bit. We are
9 very constitutional. We believe in our constitutional
10 rights and upholding the rule of law. And we --

11 I appreciate the comments that I had from all the
12 commissioners and yourself as the chair to make this
13 process equitable to all. And I would ask that -- in
14 doing so, that, also, not only look at the short term
15 in trying to meet the goals of the short-term goals but
16 the long-term impacts of the decisions.

17 And with that I will close.

18 CHAIR AUGUSTINE: Thank you very much.

19 Sean?

20 MR. MURRAY: Absolutely. Brian, I saw your
21 video on, so if you can turn your video back on and
22 begin your testimony, please.

23 You're still muted.

24 MR. B. GELLATLY: Okay. Thank you for
25 reaching out to the citizens.

1 And I -- I'm in the 49th Legislative District.
2 It's a district that's been heavily -- it's been
3 dominated by the Democratic party, Democratic
4 candidates for decades now. And we'd like to see,
5 well, not only for the 49th but for the entire state,
6 more competitive districts across the state.

7 And reality is that voters often vote just by the
8 letter that's by a candidate's name. And when it's not
9 a balanced district by, you know, party, it ends up
10 like our district, where the Democrats win all the
11 time.

12 So we'd like to see a more balanced and much more
13 competitive opportunity for our candidates. I think
14 that representative government requires that.

15 That's my comment. Thank you.

16 CHAIR AUGUSTINE: Thank you.

17 Sean, can you call the next testifier, please?

18 MR. MURRAY: Absolutely.

19 If we can have Michelina Roth turn on your video
20 and begin your testimony.

21 MS. M. ROTH: Hi, my name is Michelina Roth.
22 And I have lived in White Salmon, Washington, in
23 Klickitat County for the past nine years.

24 And I'd like to speak to the issues of the
25 boundaries of LD 14. I have several concerns with the

1 current boundaries.

2 But firstmost, I'm concerned that currently the
3 Yakama Nation is split into two different LDs. I'm the
4 mother of three teenage boys, and we've spent much of
5 their growing-up years talking about issues of social
6 and racial justice and equity. We can't change the
7 past in our country and our history with our indigenous
8 neighbors. But we can make sure they have
9 representation today. I believe strongly that the
10 Yakama Nation should be in one legislative district.

11 Secondly, I do not first -- personally feel
12 adequately represented, and I am concerned that the
13 interests of my region are not well represented now
14 because currently the City of Yakima represents too
15 large a percentage of LD 14 and does not represent the
16 interests of both my area -- of my area both
17 economically and environmentally.

18 Issues that the Columbia River gorge faces,
19 including indigenous heritage and fishing rights,
20 bridge and train transportation, hydroelectricity, and
21 rural broadband access cannot be adequately represented
22 given the current boundaries.

23 And the current LD boundaries are not competitive,
24 which means that I have not felt that my vote for my LD
25 rep makes a difference or that the needs of my

1 community are represented.

2 I ask that the board of commissioners give serious
3 consideration to moving the (audio disruption) boundary
4 of LD 14 south, shifting the entire City of Yakima into
5 the 15th, and including all of the Yakama Nation in
6 the 14th, shifting the boundary further east to
7 Benton County.

8 I appreciate the time that the board of
9 commissioners has given to this process. Thank you for
10 hearing my testimony. I know that you, too, care about
11 increasing equitable representation for all Washington
12 citizens. And I thank you for your work.

13 CHAIR AUGUSTINE: Thank you.

14 Sean, should we call Ms. Dailey back?

15 MR. MURRAY: Yes. Elaina Dailey, if you're
16 able, turn on your video and begin your testimony.

17 CHAIR AUGUSTINE: Okay. Maybe we can --

18 MR. MURRAY: Here we go.

19 CHAIR AUGUSTINE: Okay. Great.

20 MS. E. DAILEY: I apologize. I did not
21 have -- I was not prepared to testify this evening. I
22 was just participating in the video.

23 CHAIR AUGUSTINE: Oh, sure. Okay. Great.

24 Would you like to make a comment or no?

25 MS. E. DAILEY: No. I -- at this point I

1 don't have enough information. But if it was
2 available, then I would later on.

3 CHAIR AUGUSTINE: Okay. Great. Well, we
4 will have another meeting in your district.

5 MS. E. DAILEY: Thank you so much.

6 CHAIR AUGUSTINE: So watch our calendar.

7 Terrific. All right. So at this time I would
8 like to ask the commissioners if you have questions for
9 the people on this panel or any comments for them.

10 (No audible response.)

11 CHAIR AUGUSTINE: Okay. Seeing none, I'd
12 like to thank the members of the panel for coming and
13 sharing with us tonight. You're excused.

14 Sean, if you'd please call the next panel.

15 MR. MURRAY: Our next panel is going to be
16 Victor Winton, Greg Seifert, Kelli Fiskum, and David
17 Sisco.

18 We're going to start off with Victor.

19 Victor, are you able to turn on your video and
20 begin your testimony?

21 Okay. Victor.

22 Okay. We will move on to Greg. Are you able to
23 turn on your video and begin your testimony?

24 Oh, Victor, perfect.

25 MR. G. SEIFERT: This is Greg Seifert.

1 Can you hear me?

2 MR. MURRAY: Yes. Please begin.

3 MR. G. SEIFERT: I'm unable to turn on my
4 video.

5 But I just wanted to echo the comments of
6 Mr. Gellatly earlier that the 49th, which I've lived
7 in for some years, has been consistently Democratic,
8 which is fine, except that it's -- it's impossible for
9 anybody to run as a Republican and even have a chance.

10 And just as an example of the way that it was
11 drawn in the past, there's an area near where I live
12 that has been called the Bauer Bump. So when they drew
13 the lines in the 49th originally, there was a state
14 senator, who was a beloved member of the community, Al
15 Bauer, long time. And the line was drawn so that
16 Mr. Bauer was in the 49th. And nothing against
17 Mr. Bauer (audio disruption) passed away.

18 But I would like to see more consistent lines, you
19 know, no jogging around, and that we're balanced in the
20 district.

21 And that's my comments. Thank you.

22 CHAIR AUGUSTINE: Thank you.

23 Sean, would you like to call the next testifier,
24 please.

25 MR. MURRAY: Absolutely.

1 Victor, if you're able to begin your testimony --
2 I see your video's on. I see your audio's not
3 connected. So if you're able to get that --

4 Kelli, we'll begin with you.

5 MS. K. FISKUM: Okay. Hi. My name is Kelli
6 Fiskum. I am a citizen voter in Legislative
7 District 49.

8 In preparation for tonight's redistricting
9 hearing, I pulled the entire partisan voting history
10 for Legislative District 49 from the Secretary of
11 State's website. There have been 78 legislative races
12 since Legislative District 49's inception in 1958. Of
13 those 78 races, only 12 races were run -- won by
14 Republicans. This means that for the last 63 years
15 85 percent of all legislative races in the 49th
16 Legislative District have been determined solely by
17 Democrat votes. The last time a Republican held
18 legislative office in LD 49 was more than two decades
19 ago. (Audio disruption.)

20 I want to be very clear that (audio disruption)
21 incumbent.

22 I am, however, asking for redrawing the boundaries
23 so that the citizens of LD 49 have an equal opportunity
24 for representation in Olympia. At 1,500 voters per
25 precinct, the average number of equivalent

1 Democrat-only precincts is currently 11. What does
2 that mean? It means that per legislative race, there
3 is a consistent Democrat lead of 16,569 votes.

4 Equal opportunity for representation in Olympia
5 simply does not currently exist. To level playing
6 field Legislative District 49 would need an additional
7 Republican. This is, of course, a statistical
8 impossibility as exactly zero precincts are comprised
9 of populations which share 100 percent political
10 affiliation.

11 The citizens of Legislative District 49 have been
12 waiting for equal-opportunity representation for 63
13 years. The current equality deficit is utterly
14 staggering.

15 I urge the redistricting commission to level the
16 playing field by providing equal-opportunity
17 representation in LD 49. It's the only right thing to
18 do.

19 Thank you very much for your time and
20 consideration.

21 CHAIR AUGUSTINE: Thank you.

22 I would like to note that we lost your Internet a
23 couple of times there. And we would love to have your
24 full comments. So if you would submit those by email,
25 that would help us to ensure that we got your full

1 testimony.

2 Thank you very much.

3 MS. K. FISKUM: Okay. Thank you.

4 CHAIR AUGUSTINE: You bet.

5 If you'd call the next person, please.

6 MR. MURRAY: Yes. Next we have Victor
7 Winton, if you can begin your testimony.

8 Victor, can you begin your testimony?

9 Victor seems to still be having difficulties with
10 his Zoom, Chair. I recommend coming back to Victor and
11 moving on to the next panel.

12 CHAIR AUGUSTINE: Great. Please call the
13 next testifier.

14 MR. MURRAY: Cynthia Gardner, Alan Unell,
15 Greg --

16 CHAIR AUGUSTINE: I'm sorry. I think we had
17 Winton, Greg, Kelli, and David in this panel. So we
18 haven't heard from David yet.

19 MR. MURRAY: Yes, Chair. We're -- Zoom is
20 having an issue. We're not able to move David. We're
21 working on that.

22 CHAIR AUGUSTINE: Oh, gotcha. Okay. I
23 apologize.

24 So we've heard from Greg and Kelli. And so you're
25 going to put forward two more. Is that right?

1 MR. MURRAY: Yes, Chair.

2 CHAIR AUGUSTINE: Okay. Sorry about that.
3 Go for it.

4 MR. MURRAY: So Cynthia Gardner and Alan
5 Unell we'll bring up next.

6 CHAIR AUGUSTINE: So beginning with Cynthia
7 Gardner?

8 MR. MURRAY: Yes, Chair.

9 CHAIR AUGUSTINE: Welcome.

10 MS. C. GARDNER: Yes. Good evening. My name
11 is Cynthia Gardner, and I live in the 3rd Congressional
12 and 49th Legislative Districts.

13 As many people already have said, the issue for me
14 also is electoral competition in southwest Washington.
15 I live in the 49th District, which elects Democrats.
16 And my partner lives in the 18th, which elects
17 Republicans. Results of heavily leaning political
18 districts is that if your politics don't align with
19 your district's, then your voice isn't heard.

20 I'm going to skip over my personal story. But I
21 want to say that overall there doesn't seem to be much
22 electoral competition in the state as a whole. Of the
23 49 legislative districts, only one, the 10th, has split
24 house members, one Republican and one Democrat. And
25 only two, the 26th and 35th, have a Senate member who

1 is not politically aligned with their house colleagues.

2 The consequences, as other people have mentioned,
3 of packed political districts are citizen apathy,
4 legislators only working for their base, more extremist
5 candidates elected on both sides, and sometimes the
6 opposing party doesn't even put up a viable candidate
7 realizing the district is too packed for that person to
8 win.

9 I ask that as you draw legislative districts you
10 do so in a way that encourages electoral competition.
11 I realize this isn't always possible, but it should be
12 better than it currently is. Democracy requires
13 citizen participation, and legislators should have to
14 work for everyone both to acquire and to maintain their
15 seats.

16 In closing, I want to thank you for your time. I
17 realize you have lots of voices to hear and that
18 drawing districts is not a trivial matter. My hope is
19 that the results that you work on better empowers all
20 people, not only those living in southwest Washington
21 but throughout the state. Thank you.

22 CHAIR AUGUSTINE: Thank you.

23 Sean, would you like to call the last person on
24 our panel.

25 MR. MURRAY: Absolutely.

1 Alan, I see your video's on, if you can begin your
2 testimony.

3 MR. A. UNELL: Thank you, Commissioner
4 Augustine and the commission. Thank you for allowing
5 me to speak this evening.

6 My name is Dr. Alan Unell. My wife and I live in
7 the 18th Legislative District in Felida in Clark
8 County. I'm request -- I'm going to speak to you about
9 congressional districts, not legislative.

10 I'm requesting you preserve together the counties
11 that make up southwest Washington because they have a
12 common interest and their voices need to be well
13 represented in Congress.

14 The counties Pacific -- sorry -- Pacific,
15 Wahkiakum, Lewis, Klickitat, Skamania, and Clark
16 deserve to be kept together in a single congressional
17 district as they share a community of interest in their
18 geographical location, the Columbia as well as their
19 close proximity and connection to the state of Oregon.

20 As part of that community we share a variety of
21 industries amongst all of us, information technology,
22 maritime, shipping, and others. We also work and have
23 businesses that we commute to throughout the region,
24 Vancouver to Portland, Long Beach to Astoria, Camas to
25 Troutdale, Stevenson to Hood River, Goldendale to The

1 Dalles.

2 As a community we also share cultural and
3 educational resources, such as the Fort Vancouver
4 library system and the Clark community college that
5 serves Clark, Skamania, and Klickitat Counties.

6 If the region is dissected, the voices of those
7 that have a common interest in urban concerns and
8 industry concerns and care for the Columbia may be
9 lost. Please keep the region intact is my request to
10 you.

11 And I thank you for the time and the opportunity
12 to have this moment to speak to you. Thank you.

13 CHAIR AUGUSTINE: Thank you. We appreciate
14 your taking the time to testify this evening.

15 So that concludes the panel. And I will ask at
16 this time if commissioners have questions for the
17 panelists.

18 (No audible response.)

19 CHAIR AUGUSTINE: All right. Seeing none, I
20 would like to excuse the panel. Thank you very much
21 for your time this evening. And we appreciate what
22 you've shared.

23 And, Sean, if you would call the next panel,
24 please.

25 MR. MURRAY: Absolutely, Chair.

1 Jack Holtz, if you're not able to begin and, Ray,
2 if you're not able to begin, we have two other
3 panelists coming up.

4 We have Craig Walter. If we can have you begin
5 your testimony, please.

6 UNIDENTIFIED SPEAKER: Okay. Okay. Start
7 video. Start video. There you are.

8 CHAIR AUGUSTINE: Hi, there. Welcome.

9 MR. C. WALTER: Hi. My name is Craig Walter.
10 I am a disabled veteran. I had an operation that
11 resulted in a stroke. I have voted many times in the
12 49th District.

13 We have become a very (indiscernible) society, not
14 only our hearts but where we live. We can draw our
15 lines to give an advantage, try jerrymandering out of
16 our (indiscernible). I would like to see like with
17 like, indigenous with indigenous, LGBT with LGBT, black
18 with black, and so on. Us disabled are mixed in.

19 It is impossible to have it any one's way. Give
20 no one a particular advantage so (indiscernible) will
21 become competitive. That is good. Blue or red, the
22 people decide the vote, not the power of who is
23 stronger or richer. The vote is our tool for getting
24 things done the way we want to.

25 I will caution --

1 (Allotted time elapsed.)

2 CHAIR AUGUSTINE: So, Maria, I wonder if you
3 could give Craig another minute, please.

4 Excuse me, Craig. I can't hear you for -- for
5 just a minute here.

6 So, Maria, I wonder if you could unmute Craig.
7 And let's give him another minute on the timer, please.

8 Okay. Please -- please go ahead, Craig.

9 MR. C. WALTER: I will caution on further
10 dividing our nation, particularly in the scope of
11 politics. Truth is a must in a society.

12 Thank you for listening.

13 Craig.

14 CHAIR AUGUSTINE: Okay. Great. Thanks very
15 much. We appreciate you being on this panel this
16 evening. And so if you can, hang around, and perhaps
17 the commissioners will have a question for you at the
18 end of your panel.

19 Sean, if you're ready to call the next testifier,
20 please.

21 MR. MURRAY: Absolutely, Chair.

22 We're going to have Aiko Low, if you can begin
23 your testimony by starting your video and unmuting
24 yourself.

25 Please begin.

1 CHAIR AUGUSTINE: So, Aiko, we can see you,
2 but you're still on mute. If you could unmute
3 yourself, we're ready to hear your testimony.

4 All right. I think we've got -- we can hear you.

5 MS. A. LOW: Okay. So I decided to join and
6 testify at your commission because, as a resident of
7 Skamania County for over 30 years, I feel we are
8 underserved and under-representative -- represented by
9 like our senator, who happens to live in Yakima city.

10 I worked -- during my work career -- I'm currently
11 retired -- I worked for the Fort Vancouver Regional
12 Libraries and -- which is in Vancouver. I also worked
13 for the Stevenson-Carson School District. And the
14 Educational Service District is where all the training
15 is -- takes place. That's also in Vancouver.

16 My banking happens to be in Vancouver. There's --
17 I bank in the town of Stevenson. And we have three
18 banks. And I bank at both Riverview and iQ Credit
19 Union.

20 There's so many -- so much contact and
21 similarities to, I think, the people that actually live
22 in greater Clark County. For instance, you know, my
23 husband, who is a cancer survivor, received his
24 treatment at Compass Oncology, and then he would maybe
25 shop -- if he felt well enough, maybe shop at the

1 Costco, Camas Costco. I have an eye doctor in -- on
2 Mill Plain, and oftentimes I would grab my groceries at
3 the Trader Joe's there on Mill Plain, as well.

4 So important to me is good highways to get us
5 there, better transportation for the youth of Skamania
6 County.

7 And when I looked at the --

8 (Allotted time elapsed.)

9 CHAIR AUGUSTINE: I'm sorry, Aiko. You've
10 been muted because you've run out of time. So of
11 course we want to hear your full comments. So if you
12 could submit those by email, we can make sure to
13 incorporate those. Thank you.

14 But, of course, at the end of your panel the
15 commissioners will have a chance to ask you questions.
16 Thanks for your testimony.

17 Sean, if you'd be willing to call the next
18 testifier, please.

19 MR. MURRAY: Absolutely, Chair.

20 I see Jack Holtz has their video on, if you can
21 begin your testimony.

22 Jack, if you can unmute and begin your testimony,
23 please.

24 Jack, are you able to unmute?

25 It says you're on mute. We're still not able to

1 hear you.

2 We will go and try Ray and Nina one more time as
3 Jack tries to work this out.

4 Ray and Nina if you're able to turn on your video
5 and audio and begin your testimony, please.

6 And no response there.

7 Jack, are you able to hear us, and can you try
8 speaking so we can hear you?

9 (No audible response.)

10 MR. MURRAY: I'm not -- I don't think they're
11 going to be able to connect, Chair.

12 CHAIR AUGUSTINE: Okay. So maybe on another
13 panel.

14 MR. MURRAY: That would be the end of this
15 panel, as well, Chair.

16 CHAIR AUGUSTINE: Okay. So we have two
17 people on this panel or -- this panel. So I guess
18 I'll -- I would just ask the commissioners if you have
19 questions or comments.

20 And I see Commissioner Fain has his hand raised.
21 Commissioner Fain?

22 COMMISSIONER FAIN: Thank you, Madam Chair.

23 I just wanted to thank everyone for taking the
24 time to testify tonight.

25 But in particular I wanted to thank Craig for

1 taking the initiative to spend some time with us this
2 evening and thank him for his service.

3 CHAIR AUGUSTINE: Thank you, Commissioner
4 Fain.

5 Other comments or questions from the
6 commissioners?

7 (No audible response.)

8 CHAIR AUGUSTINE: Okay. Seeing none, I would
9 like to excuse the panel.

10 Thank you very much for your time this evening.

11 And, Sean, if you would please call the next
12 panel.

13 MR. MURRAY: Absolutely, Chair. Our next
14 panel will begin with John Anderson -- we have two
15 "John" Andersons. It's J-o-h-n, not J-o-n Anderson --
16 Kathy McDonald, Kiki Bittner, and Joel Mattila.

17 So if we can begin with John.

18 MR. JOHN ANDERSON: Yeah. Hi. Thank you for
19 having me here. I appreciate the commission for having
20 me on tonight.

21 First of all, I would just like to say that,
22 according to the RCW, the commission has a
23 responsibility to keep subdivisions -- political
24 subdivisions and communities of interest together as
25 much as possible.

1 So on that note, I just wanted to say that, as a
2 resident of the 18th and as a Clark County resident
3 from 2017, it's always been confusing to me that
4 Vancouver is split up into three legislative districts.
5 I don't think it makes sense that the City of Vancouver
6 is split between three districts.

7 I also think that, as a Clark County resident, it
8 does not make sense to split the City of Battle Ground
9 into two legislative districts.

10 Nor does it make sense to split the City of
11 Ridgefield off from a lot of Ridgefield voters who live
12 on Clark County property but have Ridgefield addresses
13 that are east of I-5 and south of Highway 502.

14 So those are already a lot of communities and
15 political subdivisions already split up by the boundary
16 lines as they stand.

17 I also think that, after redistricting, Camas and
18 Washougal ought to stay together as communities. Camas
19 and Washougal not only share a fire district but also a
20 port district as well as a chamber of commerce and a
21 historical society, as well. So they share many
22 commonalities and ought to remain together regardless
23 of how the borderlines shift between districts.

24 That said, we think that Camas and Washougal have
25 more in common with Vancouver and other suburban

1 communities than they do with the neighboring 14th
2 LD, the more hilly and heavily forested areas there.

3 We think the 18th also is too compact -- that
4 our districts need to be more compact. It's a strange
5 shape. Legislators have to hold three to four town
6 halls in order to represent their constituencies and
7 that we need to really make that district into a shape
8 that is easier to represent.

9 Thank you.

10 CHAIR AUGUSTINE: Thank you. We appreciate
11 your comments.

12 Sean, if you would call the next testifier,
13 please.

14 MR. MURRAY: Yes. Kathy McDonald, if you
15 could begin your testimony by unmuting and starting
16 your video.

17 MS. K. McDONALD: Good evening. So thank you
18 very much for allowing me to participate in this
19 process. And appreciate the fact that you care greatly
20 about our state and looking at the districts every ten
21 years. So it's important.

22 I live in the 49th District and, as others have
23 said prior and before me, that seeing a balance in the
24 district would be wonderful. Many solid Republicans
25 have looked at this seat but, without any path forward,

1 have chosen not to run for office. And we've lost good
2 people and good representation in the legislative
3 district just because of an overbalance in the 49th
4 District. So moving the boundary northward into the
5 18th and blending that would be of great desire.

6 So that's what I had to say. Thank you very much.
7 I appreciate the opportunity.

8 CHAIR AUGUSTINE: Thank you. We appreciate
9 your comments.

10 Sean, if you would like to call the next
11 testifier, please.

12 MR. MURRAY: Absolutely. Our next testifier
13 is going to be Kiki Bittner, if you can start your
14 video -- perfect, I can see you -- and begin your
15 testimony, please.

16 CHAIR AUGUSTINE: Welcome.

17 MS. K. BITTNER: Hi. Thank you so much for
18 taking the time to listen to voters in the region. We
19 really appreciate that opportunity.

20 I've lived in Clark County for 27 years, raised my
21 kids here. It's a great community. I live in the 49th
22 District and within the City of Vancouver.

23 And I also, I think -- I guess I'm echoing what a
24 lot of other people are saying, is that I know it's --
25 I'm happy to hear Commissioner Augustine mention at the

1 very beginning of all of this that one of your goals,
2 to try to avoid drawing lines through municipalities.

3 And I'm going to echo what someone else just said:
4 The 49th District, parts of it have been sectioned off
5 into the 17th and the 18th, which are very rural
6 districts. It doesn't make sure -- sense for the City
7 of Vancouver to be -- of the east side of Vancouver to
8 be chunked off into those very rural districts when
9 city residents have so many things in common.

10 And so I think we'd be better represented that way
11 if you -- so giving us those precincts back from the
12 17th and 18th and then maybe moving a little bit
13 northward, like was previously mentioned, makes more
14 sense just because of the people that are living here
15 and how we live together. So I would like to keep the
16 City of Vancouver together.

17 Thank you.

18 CHAIR AUGUSTINE: Thank you. We appreciate
19 your comments.

20 Sean, if you'd like to call the next testifier,
21 please.

22 MR. MURRAY: Absolutely, Chair.

23 The last testifier is going to be Joel. I see
24 your video is already started. Thank you. If you can
25 unmute and begin your testimony.

1 MR. J. MATTILA: Thank you. Can you hear me?

2 MR. MURRAY: Yes, we can.

3 CHAIR AUGUSTINE: Yes, welcome.

4 MR. J. MATTILA: Great. Okay. Thank you for
5 the opportunity to address you.

6 I'm a lifelong Clark County resident. I live in
7 the 18th Legislative District. And in --

8 I have one main concern tonight. In short, it's
9 not the redistricting commission's job to unelect
10 legislators. Some of these legislators have spent tens
11 of thousands, maybe even of hundreds of thousand
12 dollars to get elected, and it's simply not right with
13 the stroke a pen to unelect them. That would be just
14 plain wrong.

15 The voters elected these legislators, and the
16 voters, not the commission, should decide whether they
17 remain in office or not. This is not a partisan issue,
18 like a Republican versus Democrat issue. This is about
19 simple fairness.

20 I urge the commission, when the lines are being
21 redrawn, to take into account sitting legislators and
22 ensure that they remain in the districts in which they
23 were elected.

24 Again, thank you for the opportunity to address
25 you. And I hope you will take my words as well as the

1 others that have given testimony tonight into account.
2 Thank you very much.

3 CHAIR AUGUSTINE: Thank you. We appreciate
4 you taking the time to testify this evening.

5 So, Sean, I see -- those are the four members of
6 this panel.

7 So at this time I'd like to ask the commissioners
8 if you have questions or comments for the members of
9 this panel.

10 (No audible response.)

11 CHAIR AUGUSTINE: All right. Seeing none, I
12 would like to excuse the panel. Thank you very much
13 for your time this evening.

14 And, Sean, if you would please call the next
15 panel.

16 MR. MURRAY: Absolutely, Chair. Our next
17 panel is going to begin with Joe Kear, Ellie Hutton,
18 Justin Wood, and Brent Blackburn.

19 If we can begin with Joe.

20 MR. J. KEAR: Uh . . .

21 CHAIR AUGUSTINE: Welcome.

22 MR. J. KEAR: I'm trying to start video.

23 MR. MURRAY: Perfect. Thank you. We can see
24 you.

25 MR. J. KEAR: Okay. Great.

1 So my name is Joe Kear. And I reside in Skamania
2 County.

3 And I'm commenting to support the Washington State
4 League of Women Voters' draft proposal that Skamania
5 County be included in a legislative district with Clark
6 County. This would be a change from being included in
7 the 14th LD with Yakima County.

8 Currently our representatives are always from the
9 Yakima area, where the population is in the district --
10 in the 14th. Even though they occasionally visit, it
11 seems we're pretty distant from them.

12 There are several reasons to consider aligning
13 Skamania County with Clark County, possibly the 18th
14 District. One, Skamania County relates to western
15 Washington, not eastern or central Washington. In
16 fact, King County lies farther to the east than
17 Skamania County.

18 Skamania County is part of the metropolitan
19 statistical area of Portland, along with Clark County.
20 A large number of residents in Skamania County work in
21 Portland and Vancouver. Skamania County is part of the
22 Portland-Vancouver media market, not Yakima. Skamania
23 County has transportation issues relating to the
24 Columbia River in common in Clark County. Skamania
25 County residents utilize healthcare opportunities in

1 Clark County and Portland, including VA services in
2 Clark County and Portland. We utilize higher-education
3 opportunities in Clark County and Portland. We
4 patronize retailers, restaurants, entertainment venues
5 in Clark County and Portland, and we utilize resources
6 such as the DNR, which is based in Clark County.

7 Skamania County adjoins Clark County, not Yakima
8 County. So Skamania County residents are very unlikely
9 to utilize businesses and services that I've previously
10 mentioned in Yakima. Travel to Yakima is problematic
11 for us, just as it is for our representatives to reach
12 us from Yakima. Washougal and Clark County are only 26
13 miles from Stevenson, our county seat; whereas, the
14 City of Yakima is 136 miles away. And in the
15 wintertime it's really difficult to get there over the
16 Highway 97 pass.

17 So these are some of the reasons I think that we
18 have a community interest with LD --

19 (Allotted time elapsed.)

20 CHAIR AUGUSTINE: Thank you. And I'm sorry
21 that just the end of your testimony was cut off. If
22 you'd be willing to submit your full comments by email,
23 we can be sure that we get your full statement.

24 Sean, if you'd call our next testifier, please.

25 MR. MURRAY: Yes. Ellie Hutton, I see

1 you're -- have started your video, if you can unmute
2 and begin your testimony, please.

3 MS. E. HUTTON: Hello. My name is --

4 CHAIR AUGUSTINE: Welcome.

5 MS. E. HUTTON: -- Ellie Hutton. And I
6 reside in Clark County in southwest Washington. My
7 home for the last 24 years is in an unincorporated
8 county area north of Camas, Washington.

9 I am testifying today to bring to your attention
10 my concerns about past redistricting processes. I am
11 aware testimony from Yakama Indian Nation
12 representatives ten years ago did not influence that
13 redistricting commission to support their community of
14 interest to be in one congressional district. I
15 strongly urge you to pay attention to what Indian
16 nation people request this time.

17 Also, I want to bring to your attention my own
18 interests to be included in a legislative district that
19 is within Clark County. For these past ten years my
20 residence is in Legislative District 18, which is fully
21 in Clark County. However, my neighbor right across the
22 road are in LD 14. From 2001 to 2011 my residence was
23 in LD 15.

24 LD 14 and LD 15 extend all the way east to Yakima.
25 I live 180 miles from Yakima and don't get any news

1 coverage from that area. All my media is from
2 Vancouver, Washington, and from Portland, Oregon.
3 Yakima is not even within the realm of what most folks
4 in Clark County think of as their community of
5 interest. Clark County is where I am involved and do
6 all my business.

7 I understand there are tough decisions to be made
8 to create equal-population legislative districts. I
9 strongly urge you to give attention to communities of
10 interest in southwest Washington this time around.

11 Thank you for listening tonight.

12 CHAIR AUGUSTINE: Thank you.

13 Sean, if you would call the next panelist, please.

14 MR. MURRAY: Absolutely.

15 Justin Wood, I see your video's on, if you can
16 begin your testimony, please.

17 MR. J. WOOD: Good evening, commissioners.
18 My name is Justin Wood, and I'm a voter out of the
19 18th Legislative District.

20 I just wanted to bring up a few points tonight.
21 Specifically I'm going start with the congressional
22 district. I believe that the boundaries should be
23 actually brought down south to accommodate for the
24 increased population, specifically in the City of
25 Ridgefield, Washington, and Woodland.

1 Last year -- from the year 2018 to 2019 the
2 population of Ridgefield increased by 15.5 percent.
3 It's one of the fastest growing cities in Washington as
4 well as the United States. So the boundaries should be
5 brought south. The way that our district right now is
6 drawn, there's a sliver in Thurston County. I believe
7 that should be brought down south to accommodate for
8 our population.

9 Also, just based on the congressional district,
10 there is huge population increases in the east part of
11 the legislative district, specifically Camas and
12 Washougal. So either the district could keep where it
13 is on its eastward boundary or possibly expand given
14 the growth in Stevenson as well as White Salmon.

15 Now talking about the Washington state legislative
16 districts, I believe that the 17th District should be
17 expanded into the 18th Legislative District not only
18 to keep it competitive but to make sure that the
19 communities of Battle Ground and Hockinson are not
20 split up. It doesn't seem fair to voters, and it is
21 not competitive.

22 Furthermore, the population growth in Clark County
23 has expanded exponentially and should be taken into
24 account when you are going to redistrict our 3rd
25 District and also the Washington state legislative

1 districts.

2 I thank you so much for your time. And have a
3 great night.

4 CHAIR AUGUSTINE: Thank you. We appreciate
5 your testimony.

6 Sean, if you'd like to call the last panelist,
7 please.

8 MR. MURRAY: Absolutely, Chair.

9 Our last testifier for this panel is Brent
10 Blackburn, if you can begin your testimony.

11 MR. B. BLACKBURN: Yes. I just listened to
12 this.

13 Let's see. I'm unmuted?

14 CHAIR AUGUSTINE: Yes. We can hear you.
15 Welcome.

16 MR. B. BLACKBURN: Okay. Wanted to make
17 sure.

18 I just joined this to learn more about how the
19 drawing's done and get people's opinions. So thank you
20 for letting me testify.

21 CHAIR AUGUSTINE: Thank you.

22 I would like to ask at this time if commissioners
23 have questions for folks on the panel or comments.

24 (No audible response.)

25 CHAIR AUGUSTINE: Seeing none, I would like

1 to excuse the panel. Thank you for being here this
2 evening. We appreciate your comments.

3 And, Sean, if you would please call the next
4 panel.

5 MR. MURRAY: Absolutely, Chair. Our next
6 panel is going to begin with Garold Gaskill, Nancy
7 Herron, Lloyd Squires, and Otto Hottendorf.

8 I apologize if I'm mispronouncing your last name.
9 But we will begin with Garold.

10 Garold, are you able to begin your -- start your
11 video and begin your testimony?

12 Okay. We will move on to Nancy Herron. Are you
13 able to start your testimony?

14 And then we're going to go with Lloyd Squires.
15 Are you able to start, as well?

16 It seems like they're attempting to, Chair. Just
17 a second.

18 CHAIR AUGUSTINE: Sure.

19 MR. MURRAY: Zoom is having a fun time
20 tonight clearly.

21 CHAIR AUGUSTINE: That's okay. Let's just
22 pause for a moment.

23 MR. MURRAY: Nancy, are you able to begin?

24 (No audible response.)

25 Garold is unresponsive, Chair. Nancy is unable to

1 move over to the panelist list, along with Lloyd. And
2 then Otto is not in this -- not in the meeting any
3 longer. So if we can move on to another panel --

4 CHAIR AUGUSTINE: Okay.

5 MR. MURRAY: -- and then come back to this
6 one.

7 CHAIR AUGUSTINE: Great.

8 MR. MURRAY: And so --

9 CHAIR AUGUSTINE: Let's go to the next panel.

10 MR. MURRAY: Yeah. So we will start with
11 Lindsey Pollock, of -- the other Jon Anderson, Carolyn
12 Crain, and James Leinenbach. We will begin with
13 Lindsey.

14 Lindsey, are you able to begin your testimony?

15 MS. L. POLLOCK: I was just able to unmute.
16 Thank you. And so --

17 CHAIR AUGUSTINE: (Indiscernible).

18 MS. L. POLLOCK: Thank you. Appreciate the
19 opportunity.

20 And I reside in the 20th District and very close
21 to the border with the 19th District.

22 My interest tonight is to discuss -- it sounded to
23 me like you're looking at expanding the 3rd
24 Congressional District. And I would encourage you to
25 look towards Grays Harbor as we share a lot of

1 activities in Lewis County with Grays Harbor. We share
2 a river, the Chehalis, on which we have multiple
3 projects that we work together. Additionally, we serve
4 together in some of our public-health capacities, as
5 well. So there are probably more similarities there
6 than perhaps if we were to look at expanding the
7 district eastward.

8 So thank you for your consideration.

9 CHAIR AUGUSTINE: Thank you very much for
10 your time.

11 Sean, if you'd like to call the next testifier,
12 please.

13 MR. MURRAY: Absolutely. So we're going to
14 go with James Leinenbach, if you're able to turn on
15 your video and begin your testimony.

16 MR. J. LEINENBACH: Thank you for inviting
17 us, for having this opportunity. We're -- I'm grateful
18 to take a minute.

19 I'm not prepared. This is my first time
20 participating in this. And so I wasn't quite sure what
21 to expect.

22 We are longtime residents of Clark County. I'm a
23 business owner for about 22 years in Clark County and
24 very concerned about the direction that our state
25 government and federal government is moving in and

1 have -- my wife and I have become exponentially more
2 involved in the Republican party, very concerned that
3 we are represented in this respect with the
4 redistricting and in every other aspect of our
5 political involvement and political lives.

6 So thank you, commissioners, for the time. And
7 we'll be better prepared next time.

8 CHAIR AUGUSTINE: Terrific. Thanks for being
9 here.

10 And the 3rd will have at least one future meeting.
11 So we look forward to seeing you there if you choose to
12 be there.

13 Sean, if could you call the next speaker, please.

14 MR. MURRAY: Yes. So our next speaker's
15 going to be Jon Anderson, if you can begin your video,
16 turn -- unmute yourself, and begin your testimony,
17 please.

18 CHAIR AUGUSTINE: Welcome.

19 MR. JON ANDERSON: Yes. Good evening,
20 everybody. Jon Anderson, 31-year resident of LD 49,
21 precinct committee officer 460.

22 And I'd just like to support Brian Gellatly and
23 Kelli Fiskum's prior testimony. We're basically
24 unrepresented in 49. We would like to see the changes,
25 make it more competitive and balanced so we have a

1 representation.

2 Thank you very much.

3 CHAIR AUGUSTINE: Thank you. We appreciate
4 your time.

5 Sean, if you'd like to call the next speaker,
6 please.

7 MR. MURRAY: Absolutely, Chair.

8 The last speaker for this panel is going to be
9 Carolyn Crain, if you can unmute yourself and begin
10 your testimony. It does not look like you have video
11 connected. But you can begin.

12 MS. C. CRAIN: Can you hear me?

13 CHAIR AUGUSTINE: We can. Welcome.

14 MS. C. CRAIN: Very good. Thank you very
15 much.

16 I'm Carolyn Crain, and I live here in the 49th
17 Legislative District and have been very involved in the
18 political process for years, even hosted or cohosted, I
19 should say, a voter panel to try to determine how we
20 could get the voters more involved in the election
21 process and to get them to vote.

22 I understand that the commissioners themselves
23 should come at this process with blinders on as to the
24 partisan sides of this. But the truth of the matter is
25 there is no such thing as blinders. It is a political

1 process, and it is somewhat partisan, as you have heard
2 and over and over from person after person today.

3 I ran for office three times here in the 49th
4 Legislative District. And I can tell you that the
5 first time I ran, the last time we were redistricted, I
6 had more precincts and I had more voters than after
7 they were redistricted the last time we redistricted a
8 decade ago. The second time and the third time I ran,
9 I had fewer precincts the second time. I started
10 gaining some back, and we're finally there now. I had
11 fewer voters the second time. I've started gaining
12 some back. And we're better -- more representative of
13 a sense of balance now.

14 But if you look at the total populations of the
15 17th, the 49th, and the 18th, you will see that,
16 although Vancouver's 49th is supposed to be the most
17 dense area, Vancouver's 49th, which is wholly inside
18 of Clark County, has the fewest number of precincts and
19 the lowest number of voters of any of the legislative
20 districts inside Clark County wholly contained. I look
21 at that and I --

22 (Allotted time elapsed.)

23 CHAIR AUGUSTINE: Carolyn, I apologize that
24 your time has run out. And we do want to hear your
25 full comment if you'd be willing to submit that to our

1 email comments and have your full testimony there.

2 So at this time I'd like to ask the commissioners
3 if you have questions or comments for the folks on the
4 panel.

5 (No audible response.)

6 CHAIR AUGUSTINE: Okay. Seeing none, I would
7 like to excuse the panel. Thank you very much for your
8 time this evening. And we look forward to perhaps
9 seeing you again at a future meeting.

10 And, Sean, if you'd please call the next panel.

11 MR. MURRAY: Absolutely. The next panel is
12 going to begin with Carrie Parks, Tracy Reilly-Kelly,
13 Parker Truax, and Nansen Malin.

14 Carrie, if you can begin your testimony.

15 MS. C. PARKS: Yeah. Hi. I live in the 17th
16 District.

17 I've heard a lot of people complain about the
18 49th being so Democratic. But there are three
19 excellent representatives there who I wouldn't trade
20 for anyone, and they listen to everybody, not just one
21 half of us. In the 17th we used to be very
22 competitive and we had some Republicans and some
23 Democrats. But in recent years it's been pretty much
24 all Republicans.

25 And, as well, the 3rd Congressional District, a

1 big chunk of eastern Washington was added on that does
2 not really share much in common with us and is on the
3 other side of the Cascades. And that tilted the 3rd
4 Congressional District into Republican territory. So I
5 don't feel like I'm getting represented adequately.
6 And those representatives do not bother to meet with
7 us. They do not respond to our communications. And so
8 I would like to see the boundaries redrawn to be a
9 little more competitive in the eastern part of Clark
10 County.

11 I live in the 17th, which is pretty urban, a lot
12 of residences, light industry, residential, and
13 commercial. I think we have more in common, listening
14 to the people in Skamania County, going along the river
15 out to at least Skamania County or to the border with
16 it.

17 The northern part of Clark County is very rural
18 and a lot of farming, things like that. Right now
19 Camas and Washougal are lumped in with that rural area,
20 and again, they have more in common with the 17th and
21 eastern Vancouver than they do with the rural parts.

22 So I would like to see the rural parts kept
23 together, the suburban parts kept together, and
24 Vancouver as a city. And it makes sense for it to stay
25 how it is because it is a city with common interests

1 for the people that live there.

2 Thank you.

3 CHAIR AUGUSTINE: Thank you. We appreciate
4 your comments.

5 And, Sean, if you would please call the next
6 speaker.

7 MR. MURRAY: Absolutely, Chair.

8 Our next speaker's going to be Tracy Riley-Kelly,
9 if you can begin your testimony.

10 MS. T. REILLY-KELLY: Thank you for allowing
11 me to speak today to the -- and testify.

12 My name is Tracy Riley-Kelly, and I have lived in
13 the 18th District, the shifting boundaries within the
14 shifting boundaries of the 18th District, for 40 years.
15 And right now I live in Precinct 440.

16 This district, as you have heard before, has some
17 very odd boundaries. And I would like to comment on
18 the problem of the southern boundary of the 18th
19 District. The current district has this odd arch
20 shape, and it dips inside of the 49th District. There
21 is a reason for this boundary. It's not based on a
22 geographical feature but instead on a historic address
23 of an incumbent. So I'd like to speak to the point of
24 protecting the addresses of an incumbent.

25 Senator Bauer lived at the very edge of the 49th

1 District in an area that had a jagged edge. It is
2 right down the street from my home. I live within the
3 18th District, but right down the street on one side is
4 the 49th District, and, by the way, not very far away
5 to the other side is the 49th District.

6 I know that others in my precinct and in my
7 community feel the same way that I do. And I'd like to
8 speak to that I think that the addition of some of the
9 northern areas, such as Salmon Creek and Felida, would
10 bring a greater representation of both parties to the
11 18th District -- to the 49th District.

12 Our address is in Vancouver. Our children attend
13 Vancouver schools. We go to the Vancouver library.
14 But our vote is fragmented because we instead are
15 voting with the residents in other cities in the 18th
16 District.

17 To solve this I recommend that you change the
18 boundary of the 49th District and make it as solid
19 east-west boundary, perhaps at 179 Street.

20 CHAIR AUGUSTINE: Thank you. We appreciate
21 your comments.

22 Sean, if you would call the next speaker, please.

23 MR. MURRAY: Absolutely, Chair. Parker has
24 left the meeting.

25 And so we will go on to Nansen Malin. I hope I'm

1 pronouncing your name right.

2 MS. N. MALIN: Malin. But thank you.

3 I'm Nansen Malin, and I actually live out here in
4 Pacific County. My husband and I own businesses. In
5 fact, we've been what we used to call telecommuting for
6 more than 20 years in order to live out here in
7 southwest Washington on the coast. I live in the
8 19th Legislative District and the 3rd, of course.

9 I do happen to be the Republican chair, full
10 disclosure.

11 With that being said, however, I believe strongly
12 that our part -- our lines of our districts,
13 particularly the 19th and the 3rd, should not be
14 determined by politics. We must consider the
15 population and the economic issues. It's very
16 important because we're generally a rural area. Yes,
17 we have Clark County. But southwest Washington has
18 unique challenges that we don't face up in, say,
19 Thurston County or other parts.

20 And I think it's important to consider the
21 economic factors, the industry factors, and set aside
22 politics. Example would be -- I live in the 19th,
23 and we've seen what's happened. We're a purple
24 district here in the 19th and in the 3rd. And I just
25 feel strongly we should set that aside and consider

1 what the industries need, what -- where -- like
2 everyone's talking, where you shop, where you see your
3 medical care, all of that.

4 And with that, I thank all of you for your service
5 on this commission and allowing me to testify. Thank
6 you.

7 CHAIR AUGUSTINE: Thank you very much.

8 So that, I believe, concludes this panel.

9 Is that correct, Sean?

10 MR. MURRAY: It does, Chair.

11 CHAIR AUGUSTINE: Okay. Great. So I would
12 like to ask the commissioners at this time if you have
13 questions or comments for the folks on the panel.

14 (No audible response.)

15 CHAIR AUGUSTINE: Okay. Seeing none, I'd
16 like to thank the members of the panel. Thank you for
17 your testimony. I'd like to excuse you.

18 And, Sean, if you would please call the next
19 panel.

20 MR. MURRAY: Yes. So for our next panel we
21 will have State Rep Stonier, Jennifer Manchester, Linda
22 Roland, and Ronald [sic] Hanson.

23 Representative, if you want to begin.

24 CHAIR AUGUSTINE: Welcome, Representative
25 Stonier.

1 REP M. STONIER: I'm -- I'm so sorry. Thank
2 you so much for your work. I am not prepared with
3 comments. I was just participating as a listener this
4 evening. But I must have come in on the wrong link.

5 CHAIR AUGUSTINE: Great. Thank you. Good to
6 see you.

7 Sean, if you'd call the next speaker, please.

8 MR. MURRAY: Absolutely. Jennifer
9 Manchester, if you can begin your testimony.

10 MS. J. MANCHESTER: Hi. Thanks. I'm also
11 out here in 19th LD.

12 And I just wanted to express that I think a lot of
13 like what Nansen was saying, it's important to consider
14 our industries, and our rural -- or agriculture, our
15 aquaculture. Those similarities are really important
16 out here. And I think that the way that the district
17 is currently drawn, some of the urban areas dictate
18 what our priorities are rather than the needs of our
19 community.

20 So that's really all I had to say. Thank you.

21 CHAIR AUGUSTINE: Thank you very much for
22 your comments.

23 Sean, if you would call the next speaker, please.

24 MR. MURRAY: Absolutely, Chair.

25 Harold Hanson is in the meeting. For some reason

1 he's not able to get moved over. I'm going to try and
2 allow him to talk.

3 Harold, if you can try to begin your testimony.

4 Go ahead, Harold.

5 It looks as though they are attempting to, Chair.
6 We're going to try and work this out.

7 In the meantime we will move on to our final
8 panelist, Linda Roland.

9 MS. L. ROLAND: Thanks.

10 CHAIR AUGUSTINE: Welcome.

11 MS. L. ROLAND: Good evening, and thanks for
12 inviting us here tonight and for listening to what we
13 have to say.

14 My name is Linda Roland, and I live in the 14th
15 Legislative District in the community of Trout Lake in
16 Klickitat County. We're right at the base of Mount
17 Adams and are bordered by Skamania County, Gifford
18 Pinchot National Forest, and Yakama Nation lands.

19 Most all of my services are provided to me through
20 businesses and medical facilities in Portland or
21 Vancouver or White Salmon, Washington, or much of it is
22 in Hood River, Oregon, actually. My live television or
23 radio and library services all come from the
24 Portland-Vancouver metro area.

25 My concern this evening is that with the northern

1 boundary of the 14th Legislative District, which
2 encompasses the City of Yakima. So Yakima is in my
3 legislative district, and I live a good three hours
4 away from Yakima, from my community. I have to cross
5 the Klickitat River gorge and then travel down 97 and
6 go over the Satus Pass to get to Yakima. And as a
7 result, I really don't have any community connections
8 with the City of Yakima.

9 My interest lies more with the Columbia River
10 gorge, including transportation of trains and
11 bridges -- bridges are very important to us -- the
12 hydroenergy, our native heritage fishing rights, and,
13 of course, interstate commerce and employment is
14 important to those of us that live in my community.
15 And, of course, we also, being a rural location, have
16 the concerns of broadband access, many of us do.

17 Because of this boundary configuration to the
18 north including Yakima, we are not a competitive
19 district. The election of candidates that represent my
20 community of interest are nearly impossible to elect
21 given the vast geographic distance and the large voting
22 block that comes from the City of Yakima, which holds
23 about 60 to 70 percent --

24 (Allotted time elapsed.)

25 CHAIR AUGUSTINE: I'm sorry, Linda, that you

1 were cut off because you've used up your time. If you
2 could submit your comments via email, we'll make sure
3 that we get your full testimony.

4 And so, Sean, I think we are still waiting on
5 Harold. Is that true?

6 MR. MURRAY: Yes. We were able to move him
7 over to panelist.

8 Harold, if you're able to begin your testimony, I
9 see your hand's raised again. You're currently unmuted
10 if you can begin.

11 Harold, I know you're trying to testify.
12 Hopefully you're able to get that worked out. We will
13 come back to you at the very end.

14 CHAIR AUGUSTINE: All right. So I -- do you
15 have an additional person for this panel, Sean? I --
16 it looked to me like Harold was the last.

17 MR. MURRAY: Yes. Let me bring up Parker,
18 who was originally supposed to be in this panel, or the
19 last panel.

20 CHAIR AUGUSTINE: Great. Terrific.

21 MR. MURRAY: Parker, if you can --

22 And I am assuming they don't want to testify.
23 They just left the meeting.

24 CHAIR AUGUSTINE: Okay.

25 MR. MURRAY: Yes. We will go with Catherine

1 Morton Greenlee next.

2 Catherine, if you're able to, begin your
3 testimony.

4 Perfect. I can see you. If you can unmute and
5 begin your testimony.

6 MS. C. MORTON GREENLEE: Okay. Are you
7 ready?

8 CHAIR AUGUSTINE: Welcome.

9 MS. C. MORTON GREENLEE: Okay. Thank you for
10 this opportunity and for your work.

11 My name is Catherine Morton Greenlee. I live in
12 Washougal, Washington, which is in the southeast corner
13 of the 18th LD, the gateway to the gorge.

14 I'm here because I have a couple of suggestions
15 when you redistrict the 18th. As you probably know,
16 it is overly large and touches every municipality in
17 Clark County. It overlaps school districts, a port
18 district, an airport, city boundaries, the emergency
19 services, et cetera. It needs a bit of streamlining.

20 My husband, an elected councilman in Washougal,
21 and I are actively engaged in our communities. The
22 18th is our home, Washougal our specific focus.

23 I would like to make two suggestions for your
24 consideration, one from Washougal, one from Battle
25 Ground further north in the 18th LD. I own property

1 and have lived in both of these small cities.

2 Specific to Washougal, economically it would be
3 best for Washougal to continue being in the 18th LD.
4 Washougal and neighboring city Camas share a port
5 district that is a riverfront and an airport, emergency
6 services like fire, many local jobs and industry,
7 overlapping school districts, and a chamber of
8 commerce. To separate out Washougal from Camas and
9 greater unincorporated east Clark County to an LD
10 further east would disrupt all of this and create
11 economic hardship and confusion.

12 Specific to Battle Ground, another city and
13 district in the northern part of the 18th, I own a
14 rental home in Battle Ground and raised my children in
15 that school district. Currently Battle Ground is split
16 in half by the 17th and 18th LDs. This bisection of
17 the city and school district is problematic for
18 funding, decision making, continuity of services.

19 Please look at these two suggestions. I know the
20 18th is overly large, oddly shaped, and overlaps so
21 many types of districts.

22 And thank you for your time.

23 CHAIR AUGUSTINE: Thank you.

24 All right. Sean, I believe that is -- concludes
25 this panel. Is that right?

1 MR. MURRAY: It does, Chair.

2 CHAIR AUGUSTINE: Okay. Great. So let me
3 ask the commissioners at this time if you have
4 questions for people on this panel or comments.

5 (No audible response.)

6 CHAIR AUGUSTINE: Okay. Seeing none, I'd
7 like to excuse the panelists.

8 And, Sean, if could you call the next panel,
9 please.

10 MR. MURRAY: Absolutely, Chair. Our next
11 panel's going to be Irene Finley, Judy Zeider, David
12 Sisco -- we're going to try to see if we can get David
13 to work again -- and then Lisa Striedinger.

14 If we can begin with Irene.

15 MS. I. FINLEY: Good evening, commissioners,
16 and thank you for hearing my testimony.

17 My name is Irene Finley. I live in the 49th
18 District in Vancouver for the past 30 years. For most
19 of that time I commuted to Portland, where I worked as
20 a mental-health consultant for Multnomah County. After
21 that I was employed in both Oregon and Washington state
22 as a Medicaid auditor, reviewing what are now called
23 the Behavioral Health Administrative Service
24 Organization, state SO's. This is the Washington state
25 managed mental-healthcare system.

1 These government services are organized according
2 to county lines. And the ASO groupings were decided by
3 where people receive their services, which is a primary
4 principle of Medicaid, that people have timely and
5 appropriate access to care. Southwest Washington ASO
6 is comprised of Skamania, Clark County, and Klickitat
7 Counties.

8 I ask that the commission prioritize preserving
9 these county boundaries in your redistricting process
10 to keep these counties together. You can expand
11 CD No. 3 to include most of Yakima County and in
12 Clack- -- Clark County, Skamania, and Klickitat and
13 still meet your requirements for population.

14 To the best of your ability I encourage you to
15 ensure the number of districts is -- the number of
16 divided counties is as small as possible, which will
17 result in southwest Washington being represented in a
18 compact and competitive district.

19 I submitted my maps with my written testimony.

20 Thank you for your time and your consideration of
21 my request.

22 CHAIR AUGUSTINE: Thank you. We appreciate
23 your testimony.

24 Sean, if you'd like to call the next speaker,
25 please.

1 MR. MURRAY: Absolutely.

2 We're going to go with Judy. I see your video on,
3 if you can begin your testimony.

4 MS. J. ZEIDER: Okay. Good evening. My name
5 is Judy Zeider. I was born and raised in Clark County.
6 And I've lived near the community or the City of Battle
7 Ground most of my life.

8 A number of the other speakers have already
9 addressed the issues of concern to me. And I'll tick
10 those off very quickly.

11 Number one, encouraging electoral competition is
12 part of the commission's mandate. And I live in the
13 18th, which is the mirror image of the 49th in that
14 we lean heavily Republican; 49th leans Democratic.
15 Whichever party you favor, people tend to drop out of
16 politics and just not vote if their votes are not -- if
17 their votes don't matter. So I'd encourage you to look
18 at electoral competition.

19 Two, the 18th is neither compact nor convenient.
20 One of our 18th District legislators got a speeding
21 ticket trying to get from Camas, a town hall there, to
22 one in Battle Ground. There was no convenient direct
23 route between the two communities.

24 And third, Battle Ground is split between the
25 17th and the 18th. As other speakers have said,

1 please move the boundary so Battle Ground is included
2 in one district.

3 And thank you very much. You have a very
4 difficult task. You're not going to please everyone.
5 And I appreciate your hanging in there, listening to us
6 this evening. Thanks.

7 CHAIR AUGUSTINE: Thank you. We really
8 appreciate your testimony.

9 Sean, if could you call the next speaker, please.

10 Sean, you're on mute.

11 MR. MURRAY: Absolutely, Chair. David Sisco
12 has left the meeting.

13 So we're going to move on to Lloyd Squires, if you
14 can begin your testimony.

15 MR. L. SQUIRES: I don't have any testimony
16 tonight. Thank you.

17 MR. MURRAY: Okay. Thank you so much.

18 In that case we will go to the last person on this
19 panel. Lisa, if you can begin your test- -- begin your
20 testimony by starting your video and unmuting yourself.

21 MS. L. STRIEDINGER: Good evening. My name
22 is Lisa Striedinger, and I live in the 3rd
23 Congressional District as well as the 20th
24 Legislative District.

25 And I'm just here mostly to listen. But my -- my

1 words I just wanted to say this evening was that we
2 live in a very highly repre- -- or Republican district.
3 A lot of people have been scared away from even running
4 for council seats and any of the other elected seats
5 due to the high Republican presence here.

6 I am mainstream Republican as well as, you know,
7 I -- I lean -- I'm on the Republican side, but I still
8 try to keep an open mind. So I found recently that
9 that's more like the mainstream Republican. So I
10 believe that everybody's voice matters whether
11 you're -- no mat- -- Democrat or Republican.

12 So I'm just asking to really look at our
13 congressional and district lines, our legislative lines
14 to make sure that everything is equally zoned and that
15 there is no jerrymandering going on because we are
16 basically known as a red district. And so we don't get
17 a lot of inclusion, and our counties don't involve
18 themselves in a lot of things. Our leaders are very
19 shut door, and they don't listen at all, really, and
20 it's really the one side only.

21 So just need a little more inclusion in Lewis
22 County. And just wanted to put my 2 cents out there
23 that everybody's voice should matter. And we are very
24 red county right now. So a little bit of equality
25 would be nice.

1 CHAIR AUGUSTINE: Okay. Thank you.

2 I would like to now offer an opportunity for the
3 commissioners to make remarks or concluding statements
4 if you wish.

5 Commissioner Fain.

6 COMMISSIONER FAIN: Thank you, Madam Chair.

7 I just wanted to share my appreciation for
8 everyone here tonight. There was great diversity of
9 conversation. There were a lot of specifics that are
10 great additions to the conversations. And
11 commissioners like to hear where there's street lines
12 and there's clearly articulated communities of
13 interest. And I just think the input that was provided
14 tonight was very valuable.

15 And particularly appreciative of the comments
16 around maintaining competitive districts and valuing
17 the mandates that are in the constitution and the code
18 for the redistricting commission.

19 So just to share my appreciation with everyone
20 this evening.

21 CHAIR AUGUSTINE: Thank you, Commissioner
22 Fain.

23 Would other commissioners like to make concluding
24 comments?

25 (No audible response.)

1 CHAIR AUGUSTINE: All right. Seeing none, I
2 would like to thank all of the people that have made
3 this meeting possible this evening.

4 First I would like to thank the members of the
5 public who have chosen to spend your time with us this
6 evening. Your input matters in this process. And
7 we're so thankful that you have chosen to come forward
8 and speak us with.

9 I would next like to thank the members of the
10 Washington State Redistricting Commission staff. Thank
11 you very much for the hours that you spend making these
12 meetings possible. We appreciate your help and support
13 in facilitating these meetings and all of the efforts
14 you make in outreach to ensure that the broadest
15 diversity of folks can be here and be heard and share
16 their opinions.

17 I would like to thank our interpreting services --
18 interpreter services this evening, those interpreters
19 who are here providing Spanish language interpretation
20 and also the interpreters who are here providing
21 American Sign Language interpretation. We appreciate
22 your time and efforts in making sure that the widest
23 constituency base possible is able to fully
24 participate.

25 I would also like to thank the members of the

1 party caucus staff who were with us to make sure that
2 this is a transparent and equitable and accessible
3 process.

4 Of course, I want to thank the voting
5 commissioners, who spend hours -- tireless hours
6 preparing and listening and being present in this
7 process. We appreciate you.

8 Thank you. This meeting is now concluded. Have a
9 great evening.

10 (Proceedings concluded at 8:29 p.m.)
