SahiPro Case Study

Client: Thieme Group

Thieme

Thieme is an award-winning international medical and science publisher serving health professionals and students for more than 125 years. Thieme promotes the latest advancements in clinical practice, publishes the latest research findings, advocates medical education and is known for the high quality and didactic nature of its books, journals, and electronic products.

With more than 900 employees worldwide, Thieme maintains offices in seven cities, including New York, Beijing, Delhi, Stuttgart and three other locations in Germany.

✔ REQUIREMENTS

- A Web- and desktop Testautomation solution was needed to begin with smoke- and regressiontests which fits into our business and technical infrastructure

✔ WHAT MADE US CHOOSE SAHI PRO OVER OTHER TOOLS?

- Easy to learn and perfect integration into our CI/CD Toolchain and Monitoring and the framework which sahi provides to create testcases.

✔ SAHI PRO' USAGE

- 5 DevOps engineers, 1 Testmanager, operation for dozens of online products with a CI/CD toolchain.

✔ BENEFITS BY DEPLOYING SAHI PRO

- Easy to deploy and to maintain

We had little or no experience with test automation. Sahi Pro made it easier for us to get started and we were able to see success very quickly. The integration of Sahi Pro into our tool chain was easy and runs smoothly.
