GPS TRACKING POLICY FOR (Company Name) ____________________________

STATEMENT OF PURPOSE AND OVERVIEW
The purpose of this GPS Tracking Policy is to define criteria for protecting (Company Name) ____________________________ property and interests, as well as to ensure transparency regarding the employee data it intends to collect and use.

(Company Name) ____________________________ will communicate and inform employees about:
- The categories of data it will collect
- How the data will be used
- How the data will be protected
- Who will have access to the data
- How long the data will be kept.

This Policy constitutes an official notification and it is in compliance with (Privacy Law) ____________________________

By acknowledging this Policy, (Company Name) ____________________________ employees give their consent to GPS-tracking practices outlined herein.

DEFINITION
(Company Name) ____________________________ is committed to employee and traffic safety, and GPS can help with both aspects.

GPS is a satellite tracking system that is installed in the vehicle to monitor it during operation.

This system keeps track of:
- Traveling speed
- Time of arrival
- Length of stop
- Idling time
- Location of the vehicle at every stop
- Use of seatbelts
- Vehicle mileage
- Acceleration and deceleration
- Rapid starts, also known as jackrabbit starts.
A GPS tracker can also come in the form of an app installed on a mobile device, capable of accurately determining the location, speed, distance, and exact time for each location, as well as vehicle mileage.

All employees who drive vehicles equipped with GPS are expected to comply with all governmental regulations related to the operation of motor vehicles. Similarly, all employees who use devices on which a GPS-tracking app has been installed are expected to adhere to their contractual obligations.

**PRIVACY PROTECTION**

*(Company Name) ______________________* will collect, process, and store only relevant and necessary data, including:
