FULL-TIME ARCHITECTURAL DESIGN POSITION

ABOUT KENNEDY & VIOLICH ARCHITECTURE

Located in the former Blue Bird bottling plant on the industrial edge of Boston's South End, Kennedy & Violich Architecture offers designers the chance to grow, gain leadership experience in a collaborative studio culture, and see projects through from design to construction. KVA provides professional licensure support and opportunities to advance the material culture of architecture, through fabrication and design prototyping in KVA's extensive in-house workshops. For more information, please see www.kvarch.net.

ABOUT THIS POSITION

KVA has a full-time position open immediately for a skilled **Architectural Designer** with 2-4 years of professional experience. Current projects at KVA include work on architectural building projects for leading universities and design research initiatives. Applicants for this position should have excellent communication skills, experience with schematic design, design development and construction drawing sets, as well as the curiosity and critical abilities to research conditions of contemporary culture and represent design ideas in architecture across scales. Full benefits and salary TBD based upon skill set and experience level. Applicants should present a design portfolio that demonstrates their strengths in design, architectural drawing, and physical and digital modeling. Proficiency with AutoCad, Rhino, Illustrator, InDesign, and Photoshop is required for this position. Experience with Revit, Grasshopper, Rhinoscripting, and Mastercam is a plus.
