## SMALL BUSINESS USE CASE

Dr. Roberts runs a solo practice Family Medicine Practice.

The practice pays about 25 different suppliers monthly for products and services such as Vaccines, Office Supplies, Landscaping Services, Office Cleaning Services amongst others.

He spends an average of 5 to 10 minutes reviewing each invoice and scheduling payments through his bank's bill payment platform or writing physical checks.

He also employs the services of a parttime bookkeeper spending an average of 4 to 8 minutes per invoice to complete entries in QuickBooks.

With ZingerPay Intelligent Payment Automation, Dr. Roberts saves an average of 137 minutes per month while his Bookkeeper saves an average of 125 minutes per month

#### Time Savings Calculation

Dr Roberts time savings :  $[(7.5 \text{ minutes} * 25 \text{ invoices}) - (2 \text{ minutes} * 25 \text{ invoices})] = 137 \text{ minutes}$

Bookkeeper time savings :  $[(6 \text{ minutes} * 25 \text{ invoices}) - (1 \text{ minutes} * 25 \text{ invoices})] = 125 \text{ minutes}$
