

What is In Home Care?

In Home Care is a Government approved form of child care available to families who can demonstrate that other types of approved child care are not suitable or available. A qualified educator will provide education and care for your children in your home.

What is the In Home Care Support Agency?

The In Home Care Support Agency is the first point of contact for families. The Agency assesses your family's eligibility and, if approved, completes a Family Management Plan prior to referring you to an In Home Care Service.

The In Home Care Support Agency works closely with approved In Home Care Services and In Home Care educators to deliver care in an equitable and structured manner based on a program of learning.

Wanslea acknowledges the Traditional Owners of country throughout Australia and recognises their continuing connection to land, waters and community. We pay our respects to them and their cultures; and to elders both past and present.

An Australian Government Initiative

The In Home Care Program is funded by the Australian Government Department of Education, Skills and Employment as part of the Child Care Package.

Am I eligible?

You may be eligible to apply for In Home Care if you are eligible to receive the Child Care Subsidy, you can demonstrate that other types of approved child care are not suitable or available, and one or more of the following applies:

- Parents or carers are working non-standard or variable hours, outside normal child care service hours
- Parents or carers are geographically isolated from other types of approved child care, particularly in rural or remote locations
- The family has complex needs, including challenging situations, and other approved child care services are not able to meet the needs of the child or the family.

The Child Care Subsidy helps with the cost of approved child care for eligible families. The Australian Government pays it directly to your child care provider to reduce your fees.
