

## Inclusion Support

In partnership with the WA Inclusion Agency, Wanslea offers resources and funding to ensure that early childhood education and care services are equipped to provide quality care to all children. We work with services to increase their capacity and further develop educators' skills in supporting children with additional needs.

## Grandcare

Are you caring for your grandchildren full time? It can be a stressful and challenging role, especially without any help. The Grandcare program connects and supports grandparent carers across Western Australia. We can provide information, advice and guidance regarding your role, help you access community resources and training, and connect you with other grandparent carers. For more information visit [wanslea.org.au](http://wanslea.org.au), call 1800 008 323 or email [gss@wanslea.org.au](mailto:gss@wanslea.org.au)

## Early Childhood Early Intervention (ECEI)

The ECEI program supports children under seven who may have a developmental delay or disability. With early intervention, often we can help your child to develop essential skills that allow them to participate in everyday activities alongside their peers.

As a National Disability Insurance Agency (NDIA) partner, Wanslea can assist your family in understanding the role of the National Disability Insurance Scheme (NDIS) and guide you to appropriate information and support. For more information, visit [wanslea.org.au](http://wanslea.org.au), call 1300 969 645 or email [ndis@wanslea.org.au](mailto:ndis@wanslea.org.au)
