In Home Care
Offering families a little extra help

What is the In Home Care Support Agency?

The In Home Care Support Agency is the first point of contact for parents. The Agency assesses your family's eligibility and, if approved, completes a Family Management Plan prior to referring you to an In Home Care Service.

The In Home Care Support Agency works closely with approved In Home Care Services and In Home Care educators to deliver care in an equitable and structured manner.

A qualified educator works in the family home to care for your children.

In Home Care is a Government approved form of child care. It's available to families who can demonstrate that other types of approved child care are not suitable or available.

For nearly 80 years, Wanslea has cared for children and families. We're now proudly available to Tasmanian and Northern Territory families too.

Can I claim the Child Care Subsidy?

The Child Care Subsidy helps with the cost of approved child care for eligible families. The Australian Government pays it directly to your child care provider to reduce your fees.
