Nanosun **MOBILE** REFUELLER

NanoSUN's innovative Mobile Refueller offers a low-cost path for delivery of hydrogen to numerous applications. The transportable unit can be used safely and effectively by non-expert users.

Incorporating NanoSUN's proprietary multi-stage cascade, the Mobile Refeuller is capable of refuelling up to 300 bar.

Key Features

- **Low cost**: no compressor required at point of delivery.
- Compact & Transportable: easy to set up in remote locations, as no fixed utilities required.
- **Simple**: easy to use and safe for those unfamiliar in handling compressed gas.
