

BIG SUN SOLAR

MEDIA KIT

ABOUT US

Big Sun Solar helps companies, nonprofits and municipalities meet carbon reduction goals by transitioning to solar energy. Their customer-centric approach has earned the trust of leading brands like Vitesco Technologies, Safran Helicopter Engines and Rush Enterprises. Additionally, Big Sun helps utilities design innovative programs to increase solar adoption within their communities. Big Sun has been chosen by CPS Energy for the largest community solar program in Texas and by the City of San Antonio for the largest onsite solar project for a municipality in Texas. Big Sun Solar is headquartered in San Antonio, Texas.

OUR MISSION

Big Sun was founded in 2016 to drive the mass adoption of solar by making it affordable, accessible and understandable to all.

OUR VISION

Big Sun is a high growth local business that strives to create meaningful jobs, brings the benefits of renewable energy to the Texas business community and to lead in environmental stewardship.

1 %

of our gross profit is given back to the community as donations, in-kind services or educational sponsorships.
