# PSY

Ekademeia PSY spreads the voices of the best experts, specialists and influencers in the different thematic areas of Psychiatry in its entirety.

The main goal is to establish a common debate that all members of the Ekademeia PSY community can take part in. Each course will be directed by a director of wide international recognition:

Dr. Eduard Vieta — Specialist in Psychiatry, Hospital Clínic Barcelona. Universitat de Barcelona, Spain

Dr. Hernán Ruggeri — Surgeon specialist in psychiatry, Provincial Neuropsychiatric Hospital of Córdoba, Argentina

Dr. Lakshmi Yatham — Professor of Psychiatry, Department of Psychiatry, University of British Columbia, Vancouver, Canada

Dr. Michael Berk — Alfred Deakin Chair of Psychiatry, Deakin University's School of Medicine, Australia

# c1.

DR. EDUARD VIETA  
Hospital Clínic Barcelona.  
Universitat de Barcelona, Spain

Dr. Eduard Vieta is the Head of the Psychiatry and Psychology Service of the Hospital Clínic de Barcelona and of the research group on bipolar and depressive disorders of the *Institut d'Investigació Biomèdica August Pi i Sunyer* (IDIBAPS), and is also a professor of Psychiatry at the Faculty of Medicine and Health Sciences and the Institute of Neurosciences of the University of Barcelona. He also works as scientific director of the Center for Biomedical Research in Mental Health Network (CIBERSAM) and has focused his research activity on the study of the causes and the pharmacological and psychological treatment of bipolar disorder and depression.

He is Doctor Honoris Causa by the University of Valencia and has published more than 600 articles, 370 book chapters and 32 books. He is part of the editorial board of 18 scientific journals. He has more than 22593 citations (Scopus), which make him the most cited scientist in the world in the field of bipolar disorder in the last 5 years. One of the most influential scientific minds in the world, according to Thomson Reuters.

c2.

DR. HERNÁN RUGGERI  
Provincial Neuropsychiatric  
Hospital of Córdoba, Argentina

Dr. Hernán Ruggeri is a surgeon specialist in Psychiatry of the Provincial Neuropsychiatric Hospital of Córdoba, Argentina. He is also the Post Principal Investigator and deputy director of the Specialized Center in Neurosciences (CEN) of Córdoba, Argentina. Dr. Ruggeri is Magister in Psychopharmacology and has a Postgraduate degree in clinical research (expertise).

c3.

DR. LAKSHMI YATHAM  
Professor of Psychiatry, Department  
of Psychiatry, University of British  
Columbia, Vancouver, Canada

Lakshmi N. Yatham is a Professor of Psychiatry in the Department of Psychiatry at the University of British Columbia in Vancouver, Canada. He is also the Regional Head of Psychiatry and Regional Program Medical Director for Mental Health and Addictions at Vancouver Coastal Health and Providence Healthcare. He has an executive MBA in health care from the Sauder School of Business.

Dr. Yatham has held leadership positions for national and international professional organizations including the President of the International Society for Bipolar Disorders, the Secretary for the World Federation of Societies of Biological Psychiatry (WFSBP), and he is now the President-Elect of the WFSBP.

Dr. Yatham’s major areas of research interest include neurobiology and treatment of bipolar disorder and major depression.

# c4.

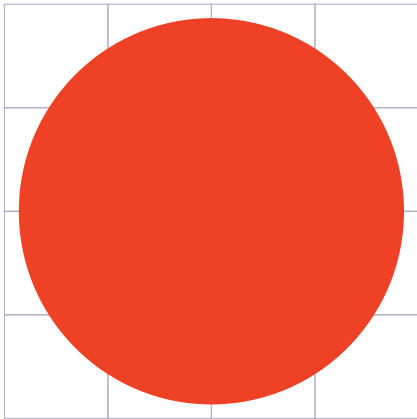

DR. MICHAEL BERK  
Alfred Deakin Chair of Psychiatry,  
Deakin University’s School of  
Medicine, Australia

Prof. Michael Berk is an NHMRC Senior Principal Research Fellow and Alfred Deakin Chair of Psychiatry at Deakin University and Barwon Health, where he heads IMPACT, the Institute for Mental and Physical Health and Clinical Translation.

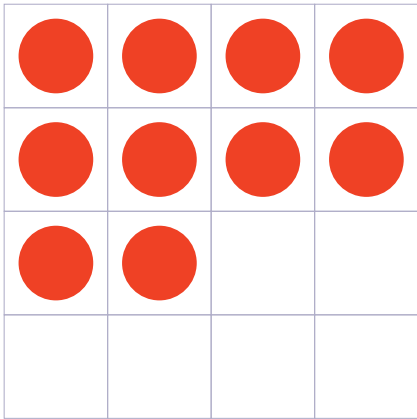

Listed by Thompson Reuters as amongst the world’s most influential scientific minds (2015-2019). He holds grants from the National Institutes of Health (US), Simon Autism Foundation, NHMRC CRE and Project Grants, Beyondblue, ARC Hub and Stanley Medical Research Institute and was a lead investigator in a Collaborative Research Centre.

Each course is composed of 10 subject areas, which are divided into 9 lectures and 3 Q&A sessions, a total of 120 training capsules.

1 DIRECTOR PER COURSE

10 EXPERTS PER COURSE

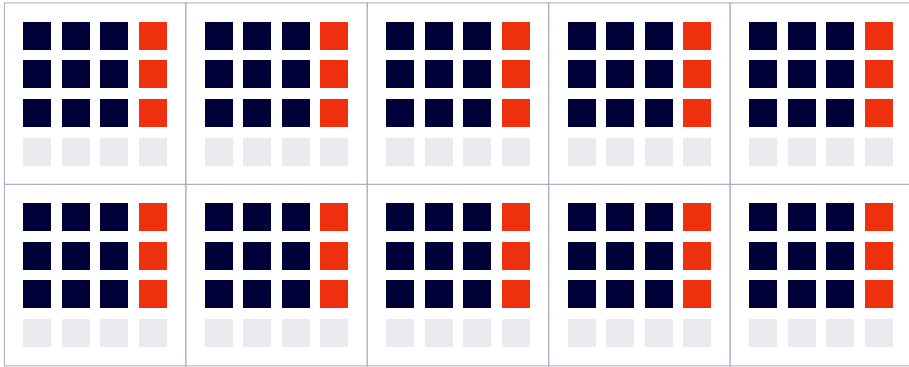

The program is divided into 4 courses, spanning the total of a year. The first program was launched in April 2022.

An expert introduces each subject and a director in that field is in charge of the topics that are discussed as well as developing the scientific program for that course.

The training will be accredited by the competent European and American Associations.

10 SUBJECT AREAS PER COURSE (120 LECTURE CAPSULES)

The objective is to create a community where there will be a interactive communication. The attendees and the speakers will interact, enriching the experience of all participants.

A space will be provided for all members where they can incorporate documentation and information relevant to the community.

1200 min.

1200 MIN OF CONTENT PER  
COURSE (120 PER LECTURER)

> 80 h.

EKADEMEIA PSY WILL HAVE A  
TOTAL OF 4800 MIN (>80 HOURS)  
OF CONTENT

Each subject area will include 90 minutes of presentations + 30 minutes of Q&A.

The format will be online, with the sessions pre-recorded. This 90 minute lecture will be broken down into 9 capsules, each 10 minutes long + 3 Q&A capsules each, 10 minutes long.

In the Q&A sessions each speaker will answer queries that they have received from the members during the previous weeks.

Additional material will be made available to members to complement the training.
