The ART committee would like to acknowledge the efforts of artist Matthew Paul, who created these 3 amazing sculptures for our event. We are saddened to report, two of his sculptures were damaged shortly after installation. The third, *Release the Kraken*, was removed and will be a part of MHLC's Silent Auction of the Fall Fundraiser.

*Tree Spirit*

The ART committee would like to acknowledge the efforts of artist Corey Fong, who created the sculpture *Tree Spirit* shown above. Sadly, the sculpture had broke en route to installation and was unable to be repaired for display.

*Thank you to the 2023 Fantastical Creatures on the Rail Trail artists!*
