

Prep right for your next college fair!

Top tips from expert counselors and university recruiters on how to truly benefit from a college and career fair.

Prepare your list

- Research the colleges on Cialfo; find the ones you like
- Make notes about each college
- Think of good questions to ask

Sort your tech out (for virtual fairs)

- Make sure your device and WiFi work well
- Find a well-lit, quiet place to sit
- Consider using a virtual background

Ask the right questions

- Don't ask anything you can just google
- Go beyond basics and talk about campus, culture, majors
- Visualize if you can see yourself at that campus!

Use your time well

- Write all the important information down
- Prioritize the colleges you most want to speak with
- Ask for ways to stay in touch and receive more information

Happy researching!
