

NATIONAL PREPAREDNESS MONTH

Public health preparedness and response activities support a systems approach for healthcare emergencies by building capacity of the public health and healthcare systems to effectively manage small and large events.

Local emergency planning efforts by hospitals, public health and other community entities are integrated with comprehensive plans. The Chelan-Douglas Health District is the lead for the [Region 7 Health Care Coalition](#).

STAY INFORMED

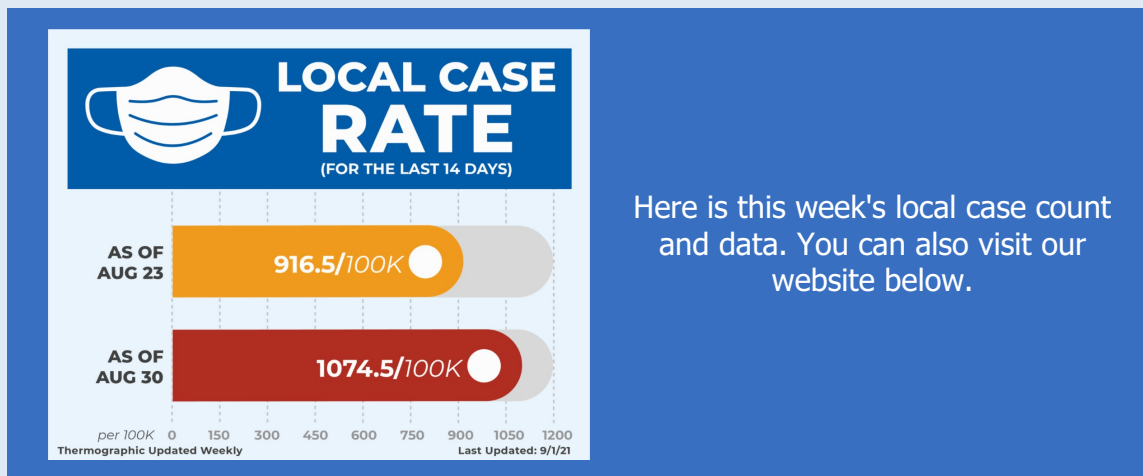

Are you signed up for AlertSense? The system is intended to be used for

emergency alerts, as well as non-emergency incidents that may have significant impacts to residents. Emergency Alerts could be related to specific hazards that require some kind of action be taken such as evacuation, shelter in place, boil water orders, etc. Non-emergency alerts could include significant transportation problems with prolonged impacts or significant ongoing police or fire activity.
