

## **Contributor License Agreement (CLA)**

### **O-RAN Alliance Specification Code Project**

Thank you for your interest in the O-RAN Alliance Specification Code Project (the “O-RAN SCP”), hosted by the O-RAN Alliance. In order to clarify the intellectual property license granted with contributions from any person or entity to the O-RAN SCP, the O-RAN Alliance must have this agreement on file that has been signed by each contributor, indicating agreement to the **O-RAN Software License v1.0** (License) governing the code contributions to the O-RAN Specification Code Project. This License is for your protection as a contributor as well as the protection of the O-RAN SCP and its users; it does not change your rights to use your own contributions for any other purpose.

This version of the membership agreement allows an entity or person to submit contributions to the O-RAN SCP, to authorize contributions submitted by an entity’s designated employees to the O-RAN SCP, and to grant copyright and patent licenses thereto.

If you have not already done so, please complete and sign this Agreement using the electronic signature portal made available to you by the Project or its third-party service providers, or email a PDF of the signed agreement to [license@o-ran.org](mailto:license@o-ran.org). Please read this document carefully before signing and keep a copy for your records.
