

# Truly One of a Kind

No home is the same as the next and we believe the same should be true for the furniture that fills a home. Offering fine bespoke upholstery handmade by master artisans in North Carolina, Charter Street supports a life well lived, and sets the stage for memories to cherish. With modern classic designs—including traditional, transitional, and more contemporary forms—and endless fabric selections, you can create heirloom-quality pieces that will root a room in both lived-in comfort and superior style.

# The Founder

DOUG SELF

Doug Self has been a staple in interiors for more than three decades and is a champion for inspired design. As the founder of JDouglas — a full-service to-the-trade agency that connects the nation’s top designers with the highest quality goods on the market — Doug is known for his commitment to detail and impeccable eye.

In 2019, Doug launched Charter Street as an answer to his own dilemma: he sought to provide clients with premium custom upholstery designed and manufactured on the East Coast, but was unsatisfied with current offerings. Tapping into his long-standing connections, he enlisted the best craftspeople, finest materials, and perfect designs to bring that vision to life. Doug retreats often to charming Nantucket — his scenic muse and favorite place — and the coastal gem’s Americana style and sensibility permeate the collection.

Charter Street invites you to create highly original furnishings built to last for decades to come.

# The Heart of Artistry

## MASTERFUL FRAMES

Our kiln-dried solid Beechwood and Baltic Birchwood frames form the foundation of Charter Street furniture. Only the most exclusive hardwoods are used, and our process of kiln-drying ensures their strength and longevity. Every frame is double-doweled and secured with screws and glue — with corner-blocks to reinforce corners and joints. These exacting standards offer a lifetime of peerless comfort.

## PREMIER FILLS

Our master artisans utilize a dynamic multi-stage approach to crafting and hand-upholstering Charter Street furniture. Frames are layered with the highest-quality polyurethane foam in a variety of thicknesses and compressions to offer supportive luxurious comfort. Cotton and batting are then layered to create additional plush layers, and edge rolls are applied to soften every corner and curve.

## IMPECCABLE CUSHIONS

Charter Street pieces are renowned for our peerless cushions. Seat cushions are constructed of a high-resiliency Ultracel® foam core enveloped in plush, high-loft polyester fiber and cased in down-proof ticking. Back cushions are made of high-quality polyester fiber packed in individually sewn channels to prevent migration. All of the above is hypoallergenic and offers an exquisite sitting experience.

## FASHIONABLE FABRICS

Any piece of Charter Street furniture can be upholstered in a variety of fabrics — including the customer's own material (COM) — for a truly one-of-kind design. Our fabrics are sourced worldwide from the finest mills to ensure a luxurious hand and sumptuous comfort. We provide a range of on-trend colorways and captivating palettes that complement any style of design.

## DETAILED FINISHES

Committed to the details, our finishing experts place exacting care in hand-finishing every piece of Charter Street furniture. For frames with exposed wood, this stage vividly brings to life the grains of the wood, or enhances the feel of the piece by pairing the color to the upholstery. Our custom-blended finishes include Walnut, Matte Black, and White, and deliver that final touch of elegance.

## MADE TO ORDER IN THE USA

From start to finish, every piece is handmade at our workshop in North Carolina and built by artisans dedicated to their time-honored craft.

# General Information

## WARRANTY

Our high-quality upholstery frames carry a lifetime warranty to the original purchaser. Cushions **and other parts** are warranted for 12 months, and it is strongly recommended where possible to flip and rotate cushions periodically to maintain their shape. Since fabric mills do not warranty their fabrics for wear or colorfastness, Charter Street assumes no responsibility for fabric wear and durability.

## CARE OF PRODUCT

Care must also be exercised with fabrics and leathers to avoid heat sources and direct sunlight. Professional dry-cleaning is recommended.

## ORDER INITIATION

Initiating an order requires a 50% deposit, with the balance due upon shipping.

## CANCELLATION POLICY

Orders cannot be canceled after any fabric that correlates to that order has been cut.

## STANDARD OPTIONS

Any skirted chair can be upgraded to a swivel option.

Cushion configuration is customizable.

Benches are available with or without casters.

All Headboards are also available as complete beds in King, Queen and Twin sizes with your choice of legs.

Headboards can be finished with nailhead options.

Exposed wood finish options include Walnut, Matte Black and White. The wedge foot, cone leg, and cylinder leg are available in nickel and brass.

## FABRICS

Charter Street offers an ever-evolving, comprehensive assortment of over 90 fabrics, many of which are performance rated. Visit [charterstreet.com/resources](http://charterstreet.com/resources) to view our current fabric offering. In addition, Charter Street gladly accepts Customers Own Materials (COM). Note that the lead time for production does not begin until Charter Street receives all required fabric.

## SOIL TREATMENTS

Most Charter Street fabrics and COM's can be treated with a soil-resistant finish for an added charge of \$3 per yard with a \$75 minimum. Adding this treatment will extend lead times.

## SWATCH RINGS

Charter Street's fabric swatch ring can be purchased for \$300. This set includes a 7x7 fabric swatch of over 90 fabrics in the Charter Street line, along with our linen-bound sales binder.
