

I've been a resident of Elkhart since Nov. 2020. While I am a transplant, I consider Elkhart home. We (Stephanie and I) love the quiet, small-town Elkhart has, and my desire is to balance the inevitable growth while maintaining that smalltown vibe. I am running for Mayor to be more involved in the city's future, educate myself more on what is actually going on in town to accurately relay info to other residents, and to be a voice of the people. We may not always agree on everything, and that's OK, but I do look forward to communicating with residents, hearing their ideas or concerns, and relaying them back to the Council Members for further discussion and possible action. Thank you for your consideration in electing me as your Mayor.
