

My name is Brad Campbell, current interim Mayor of Elkhart. I am running for Elkhart City councilman this upcoming election. I have been intensely involved with current city projects and future projects our small town has in store. It is a very exciting time for our town and its citizens.

Prior to the appointment of interim Mayor, I sat on the Planning and Zoning Commission and the Zoning Board of Adjustment. My family and I have been citizens of Elkhart for several years and we have planted our roots in this town. We are invested here.

Public service has been ingrained into my everyday life. In one capacity or another, I have been involved with public service for almost 14 years.

I am asking for your support this upcoming election to fill a seat on Elkhart City Council. Thank you!

Brad Campbell
