Metro Collection

Inspired by the iconic graphic design of subway maps, the flowing lines of the Metro collection are industrial yet elegant.

Metro Collection.

The Vision

Inspired by the iconic graphic design of subway maps, the flowing lines of the Metro collection are industrial yet elegant.

The Details

The rounded tube frame and curved edge detailing makes the eye move around the form of each piece like tracing an outline from beginning to end.

Metro is available in a variety of FSC Australian hardwood timbers as well as UV weather resistant plastics. The frames are made from powder coated stainless steel, and come in a number of powdercoat or painted colour and finish options. This combination makes for a material palette that is robust, adaptable and easily maintained. All furniture is supplied freestanding as standard, with fixed surface mounted options available on request.

The Collection

Stools
Benches
Loungers
Tables

The Details

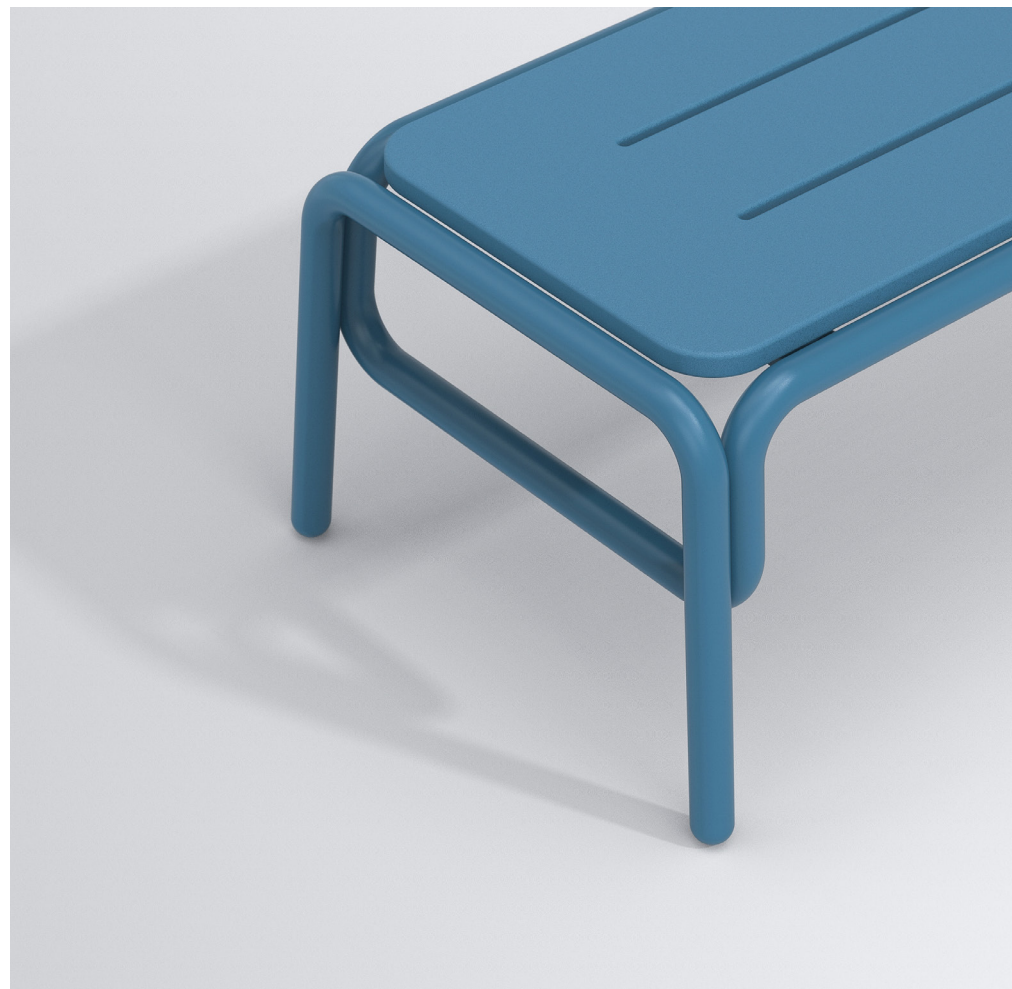

Take an inspired journey in style,
from the underground cafe to the
poolside and beyond.

The Details

The rounded frame and curved edges make the eye move around the form of each piece like tracing an outline from beginning to end.
