

DOBBS RESPONSE

In June of 2022, the United States Supreme Court overturned Roe v. Wade, allowing states to directly regulate abortion. In Texas, this triggered laws that make performing an abortion a criminal and civil offense.

As a church who humbly desires to care for the unborn, pregnant women, and new moms, we joined together to provide maternity supplies to local, life-affirming women's health and pregnancy resource centers.

Here is how The Austin Stone congregations helped, through donation:
