Thinking Seasonally

We always say that color is absolutely the most important part when it comes to designing florals that feel natural and artistic. A lot of our learning is focused on refining color palettes and the flowers we use to achieve seamless designs.

Beyond that it is so important to let your florist take charge of sourcing the best blooms that are in season for your wedding.

You were incredible- I can't thank you enough for bringing my vision to life. It was absolutely stunning, and you all were so sweet and accommodating with our date change. So thankful you made this happen for us, it was a literal dream come true.

KYLIE&MATT

I just can't even tell you how beautiful those flowers were. I just wanted to leave a message in person. Um, they're just gorgeous. I was able to bring a bouquet home and I just re-trimmed it and stuck it in some more water because I just can't let them go. Um, thank you. Thank you so much. It was a beautiful, beautiful wedding and your flowers made it even more beautiful. So thank you so much!

MARISSA&KYLE

It was unreal! We are on the moon. Sarah I seriously could NOT thank you enough. You are so incredible at what you do. It was more than we could have ever asked for. So dreamy 🥰 THE MOST BEAUTIFUL FLOWERS you are a magician. So so epic. We are forever grateful. You made our dreams come to light!!!

BELLE&RUDY

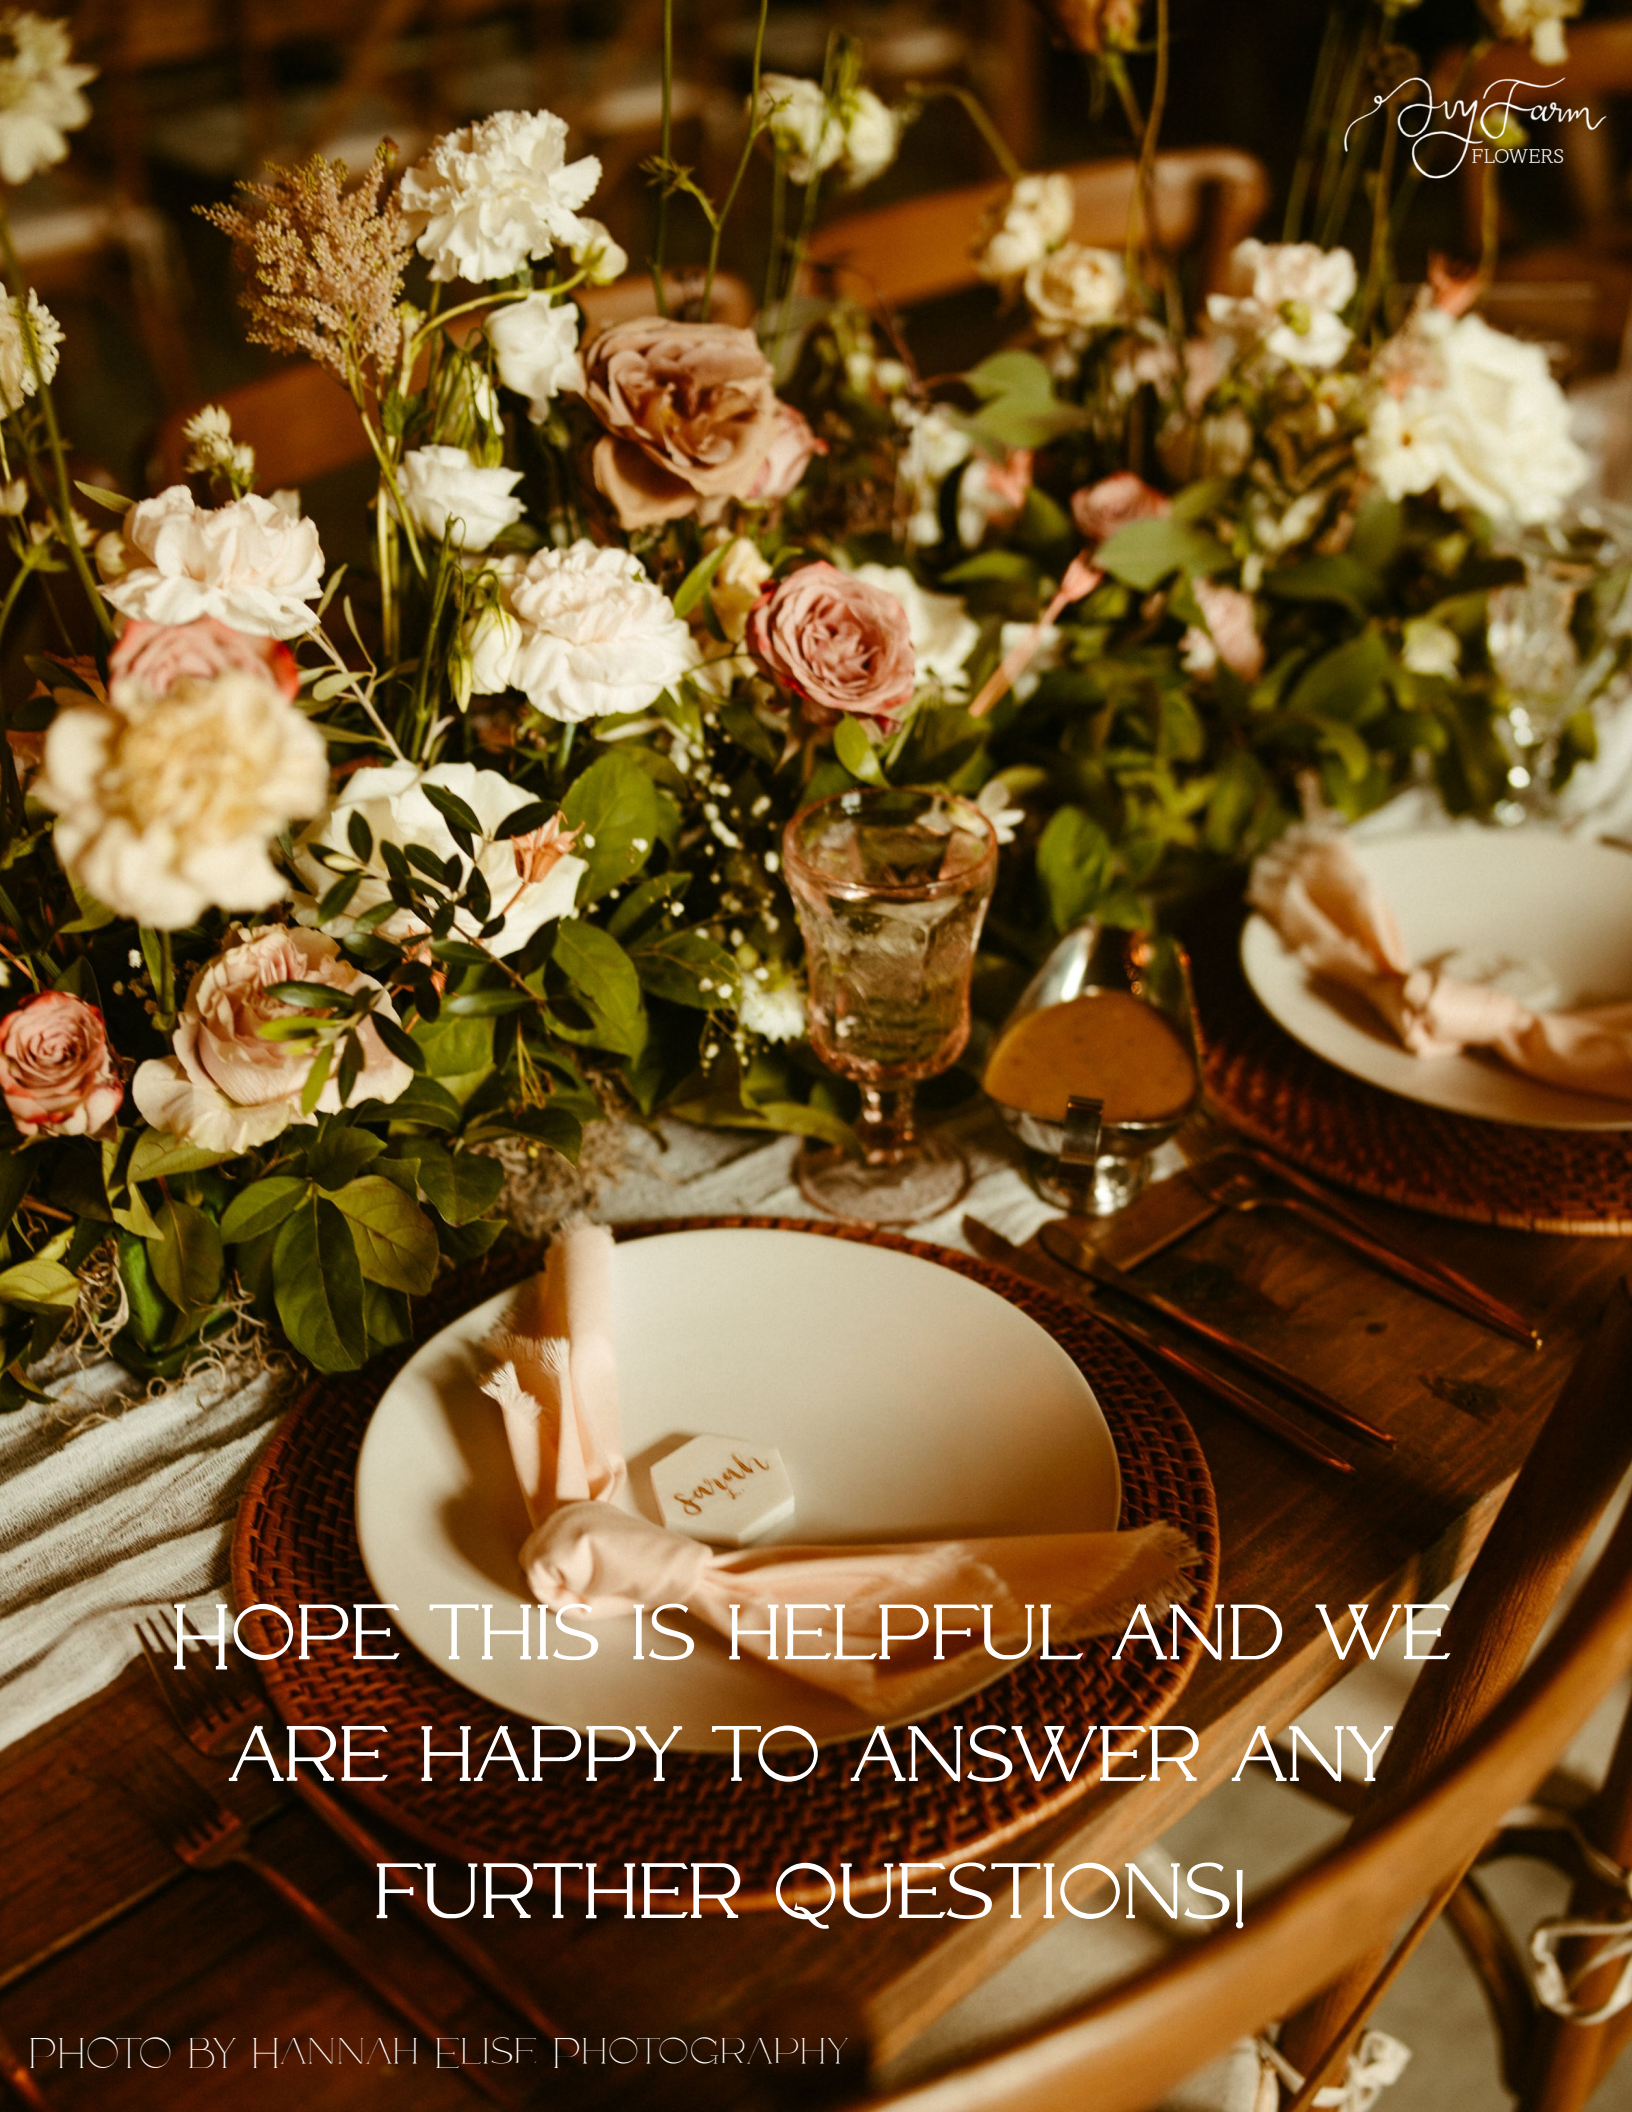

"I don't think I've even properly told you how much we adored all the flowers that you made!!! You brought so much warmth & light to our wedding, and we are so grateful ❤️ you are amazing!"

Sarah and her team took the minimal direction and glimpse of a floral vision I had and turned it into an absolute dream! I received so many comments from guests on how impressed they were and how much beauty the florals added throughout the entire venue. Sarah worked with my budget, gave me sound advice, and was so organized so that I didn't have to stress about a thing. I could not recommend Ivy Farm Flowers enough!
