ACCELERATORS

Propel Social Innovators to Thrive

Startups need help with refining their strategies, accessing resources, and scaling their operations. How can you offer extraordinary value to your social innovators, including helping them succeed after your program ends?

Knowledge Impact Network™ (KIN) scales impact by connecting the dots and curating knowledge exchanges for good.

We do this through KIN Impact Circles, communities of social innovators and advocates who come together and collaborate. Our Impact Circles propel your innovators to thrive through our peer knowledge exchanges and access to the practical wisdom of world-class experts, stimulating innovative solutions and improved outcomes.

THE BENEFITS

What Accelerators Gain

- Accelerate the performance of your current cohort
- Provide your graduates with the next level of support to succeed
- Assist high potential startups you were unable to accept into your program
- Attract social ventures and funders with differentiated support
- Stay connected to the impact landscape, key players, and innovative approaches

What Your Social Innovators Gain

- Engage and learn from peers who understand their challenges
- Get practical advice from high-caliber leaders on how to address a challenge
- Connect and collaborate with new networks
- Share and receive resources such as funding sources, investment, and other learning opportunities
- Accelerate your impact
HOW IT WORKS

Our Impact Circles for Social Innovators engage 6-12 peers who meet regularly to exchange best practices and support each other's growth. KIN leads the kickoff, offers our signature curriculum, and provides access to world-class experts as needed.

Impact Circles feature:
- Vetted participants and initiatives
- Facilitated meetings (typically monthly, but adjusted to meet objectives)
- Orchestrated “Needs and Leads” roundtables
- Hosted signature Catalyze Sessions with KIN’s network of experts
- Moderated online discussion board
- Use of AI assistive technologies as they evolve

THE KIN DIFFERENCE

We are an inclusive network of networks with experience engaging leaders. Our leadership leverages our YPO and HBS networks and programming. As an NGO, KIN’s mission is to facilitate knowledge exchanges to scale impact and accelerate progress towards a brighter future.

KIN’s assets:
1. Access to high caliber leaders and their networks (two-thirds in the network are C-suite execs)
2. Proven methodologies for engagement and collaboration among these top tier networks

Leverage KIN to scale your impact. Contact us to learn more.

Share knowledge. Scale impact. Shape the world.
