## Learn About Central America:

Today, we will learn about some important landforms and water forms in Central America!

**Materials needed:** Crayons and colored pencils

First, color the physical map of Central America and locate the following land and water forms:

### Landforms:

- Cordillera Isabella (Nicaragua)
- Talamaca Mountains (Costa Rica)
- Volcanoes along the Cocos Plate (along the coast of Guatemala, El Salvador, Nicaragua, Costa Rica, and Panama)

### Water Forms:

- Pacific Ocean
- Caribbean Sea
- Gulf of Honduras
- Lake Managua
- Lake Nicaragua
- Panama Canal
- Gulf of Fonseca
- Gulf of Panama
- Mosquito Gulf
