OUR MISSION

Reimagine Reentry **aims to reduce recidivism** by providing opportunities, reducing barriers, and supporting returning citizens in a holistic way. Our services are:

COACHING & MENTORING

WORKFORCE DEVELOPMENT & TRAINING

**FAMILY REUNIFICATION
EDUCATION**

HOUSING ASSISTANCE PLANNING

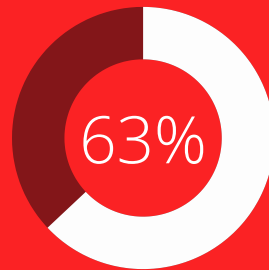

We follow a **strengths-based approach** to address the unique needs of returning citizens after they leave the corrections system.

WHY REENTRY SERVICES?

Across the country, two of every three people released from state corrections are rearrested for a new offense and about half are reincarcerated within three years of their release.

In Pennsylvania, sixty-three percent of parolees return to corrections within three years.

These men and women face **immense systemic barriers** that are only magnified by incarceration, such as low employment, lack of healthcare, limited education, a prevalence of homelessness, and much more.

HOW IT WORKS

Enrollment into Reimagine Reentry begins by filling out an **application**. Once you submit this, we will assess your eligibility and schedule you an interview with our staff. Once selected, returning citizens will move through our program for three years:

DEVELOP GOALS WITH YOUR REENTRY COACH

ESTABLISH HOUSING

GET TRAINING & MENTORING

**AFTER THREE YEARS,
GRADUATE FROM THE
PROGRAM!**
