VERSE 1:

O God your thoughts for us
Outnumber stars above
And grains of sand upon the shore
The outcast finds their place
In your amazing grace
The anxious heart can rest assured

CHORUS:

That you never leave my side, You never turn away
I'm confident in this, Your faithfulness
You never leave my side, You never turn away
I'm confident in this, Your faithfulness

VERSE 2:

As high as heaven stands
Above this broken land
Your steadfast love is higher still
You love me even more
Than I have known before
You always have and always will

BRIDGE 1:

I'm certain, no question
I'm found in your affection
You sing it over and over and over me
You're close, it's clear
My God you'll always be near
You're with me forever and ever you'll never leave

BRIDGE 2:

I'm certain, no question
I'm found in your affection
You sing it over and over and over me
Your close, it's clear

My God you'll always be near
I know you'll never leave
You're with me forever and ever you'll never leave
