

Unleash the POWER OF **ONLINE ADVERTISING** With larongeNOW

larongeNOW.com provides Northern Saskatchewan's residents with a voice – something they lost years ago when other media outlets closed their doors in the community.

Filling the void left for comprehensive news also fulfilled our commitment to communities in the north where our radio stations re-broadcast.

larongeNOW.com is part of 7 other local news sites operating in Saskatchewan under Pattison Media – making us the largest combined news team in the province. We are well respected and relevant.

Featuring breaking local news, sports, weather, free classifieds and obituaries, as well as free auto market and real estate listings – no other news website is as comprehensive. As the media leader, larongeNOW will generate business for YOU!
