

Flexible & Sustainable mobility

At a top tier management consulting firm

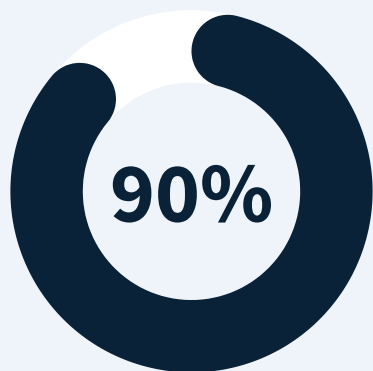

Fleet size reduction

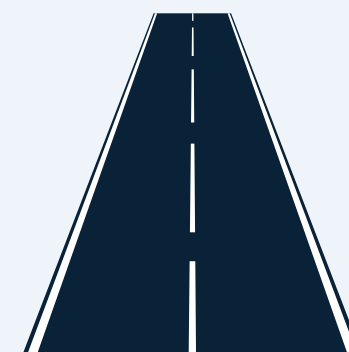

100 individual cars on the road
= **10 shared cars**

New joiners are choosing
the mobility budget

Trips booked from the shared
fleet are for private usage

287,497 km

Traveled with
MyMove cars*

powered by

*data based on 1353 trips with MyMove cars between May 2019 and February 2022

What is the mobility budget?

Allow your employees to exchange their right to a company car for a flexible budget that they can spend on:

Pillar 1 (optional)

Eco-friendly car that scores better in CO2 emission and energy efficiency

Pillar 2

Spend on any of the 100+ options such as renting a car from a company shared fleet

Pillar 3

Receive the left-over money at the end of the year at a favourable tax rate

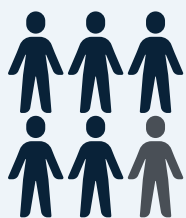

Why a shared fleet is crucial for your mobility budget implementation?

Reduce your fleet size meaning less admin, costs and parking spots

Reduce your CO2 footprint by encouraging greener mobility

Comp&Ben scheme including pool cars to attract new talent

Offer staff and recruits a modern mobility solution

We have built the first multi-vehicle platform that helps organizations to offer and manage shared fleets easily

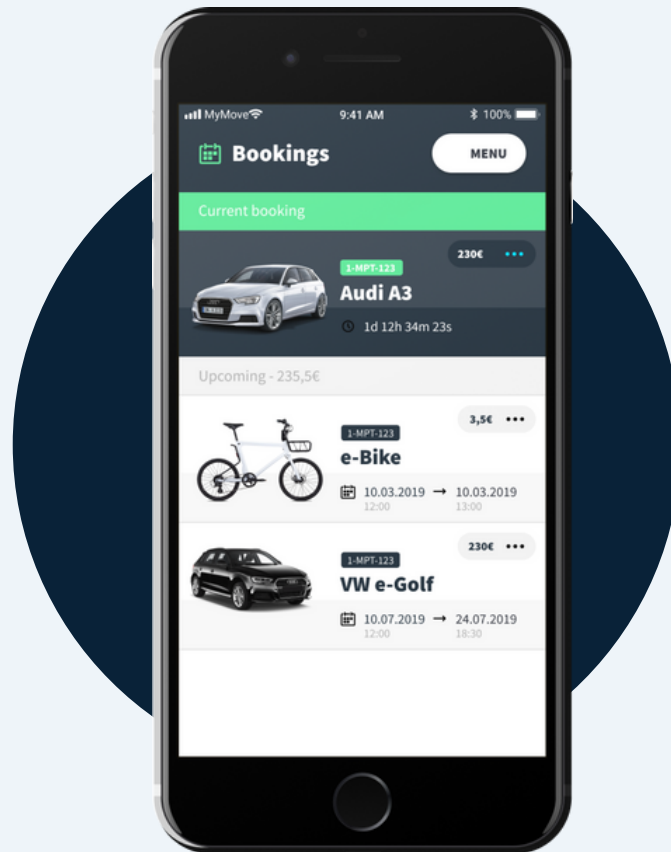

Keyless vehicle sharing
with mobile app

In-app 24/7
support

Differentiate
private/pro usage

Hardware devices
and connected
vehicles

Fleet management
dashboard

Private usage is
automatically deducted
from mobility budget
