EARNNEST
HOW MONEY MOVES

Digital earnest money deposits made easy.

Form Simplicity trusts Earnnest to bring you secure, easy, digital earnest money payments.

Convenient: A few clicks and your earnest money request is sent.

Private: Bank-level security and encryption means your homebuyer's sensitive banking and personal information is never stored or shared by Earnnest.

Easy: Your homebuyer can pay their earnest money from anywhere, at anytime—using their cellphone or laptop; from work, home, or even traveling abroad.

How it works

The screenshot shows the Form Simplicity web application. At the top, there's a navigation bar with 'Home', 'Transactions', 'Blank Forms', 'My Files', and 'Contacts'. Below this is a sub-navigation bar with 'My Transactions', 'Shared Transactions', 'Archived Transactions', 'Tasks', and 'Task List Templates'. The main content area displays a transaction form for 'Three Sisters Avenue'. The form includes fields for 'Full Address' (123 Three Sisters Ave., Crystal River, FL 34429), 'Property Type' (Residential), 'Transaction Type' (Purchase), 'Transaction Status' (New), 'MLS Listing ID' (Enter MLS ID), 'Listing Price' (\$ 449,000), and 'Purchase Price' (\$ 450,000). At the bottom of the form, there are buttons for 'Show More Data', 'Import Property Data', 'Request earnest money' (highlighted with a green circle), and 'Save Data'.

1. Log in to Form Simplicity
2. Click **Request Earnest Money**
3. Payment details auto-fill from transaction
4. Click **Request**. Easy!

Getting started with digital payments

Earnnest is the largest digital earnest money network in the United States. If you don't see your escrow holder listed in the escrow search portion of our platform, you can **invite them** to start accepting digital earnest money. If you or your organization hold escrow, you can **self register** your escrow company with Earnnest today!
