Use the text below to notify payers of your digital earnest money tool!

Hello,

We are now using **Earnnest** — the industry leader in digital earnest money payments — to collect earnest deposits. Now you can send your earnest money deposit from anywhere — at work, at home, or on the go. And Earnnest's closed network means your payment is private and secure.

## How it works

You'll receive an email request from me to pay your earnest money deposit. Use the secure link in the email to start your payment. Follow the instructions on screen to set up your account. After creating your account, you'll verify your identity and complete your payment by following the directions on screen. Visit [Earnnest.com/payer-resources](https://earnnest.com/payer-resources) for helpful video guides and answers to common questions.

## Earnnest features

- **Automatic receipts.** You'll receive receipts to your email when your payment is initiated and deposited.
- **Banking-level security and encryption.** The risk of check and wire fraud is eliminated completely.
- **100% digital earnest money deposits.** No more paper check pick-up and drop-off.

We want to provide tools that keep your money and data secure. With Earnnest, you have an easier and more secure way to pay your earnest money. And that's a win-win for everyone.

Thank you,
