# What part of the Rest requisition form must be completed?

- |   |   |     |
|---|---|-----|
| 1. Demographics Only                            |    | 33% |
| 2. Only the sections that apply to this subject |    | 33% |
| 3. All sections                                 |  | 33% |

POLLING INDICATOR – grey = not polled | green = vote now | blue = polled

# Answer

- 3. Explanation slide if required.
- All parts of the Rest requisition form must be completed – blank or missing sections will result in queries and may delay receipt of pathology findings. However the form will be modified in the coming weeks to allow for “N/A” for initials, as well as “Unknown” for items such as Individual and DE202 status.

## Interactive Question

**If a block is not available, how many positively charged slides should be submitted to Rest for analysis?**

1. 3 slides

33%

2. 20 slides

33%

3. 4 slides

33%

# Answer

- 2. 20 slides must be submitted

# slides	Test	Purpose of the Test
1	HE	Diagnosis and pathologist assessment for macro-dissection.
1	DE2	Diagnosis
6	HIC	Various results as determined
1	NEG	Negative control
6	PPP	Determination of subtype
1	DRM	Exploratory objective of DRM
3	ABC	Exploratory objective
1	Extra	Back-up

## Interactive Question

**It is acceptable to send a CT scan to home base for the checking**

1. True

2. False

**010** <- Seconds count down

Votes counted ->

**000**

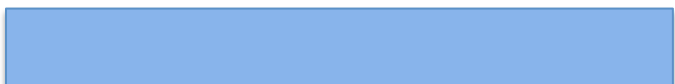

- 2. Answer explanation if required.
- False. No CT scans are allowed, and additionally, all areas must be scanned.

## Interactive Question

# How do you submit scans to Rest for analysis?

- |                           |   |     |
|---------------------------|---|-----|
| 1. Web Upload             |    | 25% |
| 2. Courier                |    | 25% |
| 3. Carrier Pigeon         |  | 25% |
| 4. Both 1 & 2 are correct |  | 25% |

**010** <- Seconds count down

Votes counted -> **000**

## Answer

- 4. Both 1 & 2 are correct. Rest will send supplies to ship via courier, as well as instructions on how to upload via web.

## Interactive Question

### Have you received your kits?

1. Yes

2. No

3. I'll check when I  
get back to the  
office

- **All Answers are acceptable** – If you have received your shipment, please ensure receipt of all start-up supplies. If you have not yet received your kits, please contact your CRA as soon as possible to ensure supplies arrive prior to any screening activities.

# When should a subject be unblinded?

- |   |   |     |
|---|---|-----|
| 1. For safety purposes only                   |    | 25% |
| 2. When the CD is curious                     |    | 25% |
| 3. After the subject has completed treatments |   | 25% |
| 4. When your mother asks you to               |  | 25% |

# Answer

- 1. Please only unblind a subject for safety reasons.

# Thank you for using Digivote Interact
