## The Approach

How did you select this vendor and what were the deciding factors?

Was referred by Moontek from a friend. I was super impressed by the high quality of communication from the get-go. Very responsive and great implementation.

Describe the scope of work in detail, including the project steps, key deliverables, and technologies used.

We had an initial meeting so Ali can better understand my long-term vision. Ali was able to provide lots of valuable insight about how to test our offer after our website was developed. The long-term results will speak for itself.

How many people from the vendor's team worked with you, and what were their positions?

I worked with Ali who was my point of communication from the get-go.

## The Outcome

Can you share any measurable outcomes of the project or general feedback about the deliverables?

Easy and quick way to create an MVP of our offer to test our offer to our target market. Website development is done and we're currently in the MVP stage.

Describe their project management style, including communication tools and timeliness.

Great email and text communication from the get-go and throughout the journey.

What did you find most impressive or unique about this company?

They're an excellent team that gets the job done quickly and painlessly. Great work product overall!

Are there any areas for improvement or something they could have done differently?

No, very happy with the result.
