

UB-BIOSACTM

Unique Probiotic formulation fortified with *Saccharomyces Boulardii*

The use of *Saccharomyces* sp. as a growth promoter for ruminant was reported in 1925. Yeast cultures as feed additive are safe and have advantage over chemical growth promoters. These strains proved to be effective in both lactating and growing ruminants. These strains benefit by causing the changes in ruminal fermentation, in particular by increased bacterial activity, which in turn leads to increased degradability of forages and flow of microbial protein from the rumen.

Composition:

Saccharomyces boulardii (Unique 28) + *Bacillus coagulans* (Unique IS2) + *Bacillus subtilis* (UBBS-14)

Benefits:

- Helps to treat all kinds of diarrhoea including antibiotic associated diarrhoea.
- Decreases number of disease causing organisms.
- Stimulates the growth of cellulolytic bacteria.
- Modulates the immunity by boosting intestinal secretion of IgA.
- Increases the activities of intestinal brush border enzymes such as Disaccharides, Glucosidases, Alkaline Phosphatases and those enhance nutrient digestion and absorption.

Dosages:

TYPE	AGE	FARM	FEED
BROILER	1-10 DAYS	20 gms. / 500 birds	Pre-Starter & Crumble Feed: 200 gms. / ton of feed
	11-30 DAYS	20 gms. / 250 birds	Finisher Pellet Feed: 150-250 gms. / ton of feed

CHICK	0-8 WEEKS	20 gms. / 1000 birds	Chick Crumble Feed: 200 gms. / ton of feed
GROWER	8-18 WEEKS	20 gms. / 500 birds	Grower Crumble Feed: 200 gms. / ton of feed
LAYER / BREEDER	18-72 WEEKS	30 gms. / 1000 birds	Layer / Breeder Pellet Feed: 250-300 gms / ton of feed

CALF	DAILY	10 gms./head	200 gms. / ton of feed
COW/BUFFALO	FIRST 10 DAYS	20 gms./head	250 gms. / ton of feed
	AFTER 10 DAYS	10 gms./head	250 gms. / ton of feed

Or as directed by the Consultant/Nutritionist

KITTENS	DAILY	0.5 gms./head	SHEEP & GOAT	5-10 kgs B/W	10 gms./head
ADULTS	DAILY	1 gm./head		11-40 kgs. B/W	20 gms./head
PETS	20 lb (9.72 kg.)	0.5 gms./day	PONNY	DAILY	10 gms./head
	40 lb (18.14 kg.)	1 gm./day	ADULTS	DAILY	20 gms./head
PIGLETS	DAILY	1 gm./head	Or as directed by the Consultant/Nutritionist		
ADULTS	DAILY	1.5 gms./head			

Shelf Life:

Best before 24 months from the date of manufacture.

Storage:

Store in cool and dry place. Avoid direct sun light.

Presentation:

10 kg, 1 kg, 500 gm, 250 gm & 100 gm.
