

Biocid

BROAD SPECTRUM ACIDIFIER

COMPOSITION:

A unique proprietary blend of organic acids like formic acid, Propionic acid and acetic acid for gut health.

BENEFITS:

- ✓ Reduces gut pH and enhances amino acid digestion and absorption of feed.
- ✓ Stimulate protein digestion and increases amino acid digestibility.
- ✓ Stabilizes gastrointestinal micro-biota by inhibiting pathogenic bacteria.
- ✓ Effective in controlling Vibrio, Aeromonas, Fungi and other pathogens in pond water.
- ✓ Acts as a excellent soft dis-infectant when applied in pond water.
- ✓ Improves feed intake and helps to optimize efficient nutrient uptake resulting in growth.

DOSAGE:

Feed supplement: 2-4 ml/kg feed. Two meals/day for a week. Dilute in suitable water, good quality binder and spray on to feed and dry for 20 min before application onto pond.

Pond water: 2-3 L/Acre. Dilute with pond water (1:10) before applying on to the pond or as directed by the aquaculture consultant.

MODE OF APPLICATION:

Thoroughly mix with feed & spread uniformly in the pond.

STORAGE:

Store in a cool & dry place. Avoid direct sunlight.

PRESENTATION:

1.5 Liters
