# ISAAC Logo Use Guide

Spacing

Let the logo breathe! A good rule of thumb is to allow for the height of one diamond around the logo.

Versions

There are four versions of the logo. Depending on where the logo is implemented, you should prioritize using them from left to right.

Only use the **Icon** version when absolutely needed.

| Standard	Standard White Text	Standard All White	Icon

Usage

Always use the provided logo files.

When placed on a dark background, use the **Standard White Text** version.

When placed on a red background, use the **Standard All White** version.

Low contrast	Low contrast	Stretched or distorted	Pixelated
Change in color	Rotated	Textured	Modified
