Secure-Ring System (SRS)[®]

Simple Solution
to
Enhance
Suspension!

The ESP Secure-Ring System (SRS)[®] serves as a prosthetic suspension aid that enhances security of the prosthetic socket. It is easily and quickly installed onto most prosthetic liners to improve suction and/or mechanical suspension and reduce pistoning and rotation.

SECURE-RING SYSTEM (SRS)[®]

Description

Prosthetic suspension aid

Bonding Adhesive

888.932.7377

Part #	Size
ESP-SRS-2	4 Rings (1 of each ring size), 2mm thickness + 4 tubes of bonding adhesive
ESP-SRS-4	4 Rings (1 of each ring size), 4mm thickness + 4 tubes of bonding adhesive
ESP-SRS-1	8 Rings (1 of each ring size in each thickness) + 8 tubes of bonding adhesive

Rings Also Sold Individually

ESP-SRS-2A	fits 14cm - 22cm / 2mm thick
ESP-SRS-4A	fits 14cm - 22cm / 4mm thick
