

Part No. OEL8000IIK/X

The unit may have one of two printer models. Installation procedures for both models are shown here.

Model 1

Model 2

Paper roll dimensions (both models):

Diameter: 1.4 inches

Width: 2.25 inches

Plastic core inside diameter: 0.5 inches

NOTE:

Thermal paper will only print on one side. Confirm that the paper roll is installed as shown here to ensure that the device prints correctly. A paper roll installed incorrectly will result in blank printouts.

OMNTEC P/N: DPU-6PK (6 pack of thermal paper)
OMNTEC P/N: DPU-CASE (DPU-50 Case)
