RECYCLE

FINN O'BRIEN AKA BEACH BOY

Beach Boy, or simply Finn to us, is just one of the many creative legends in our work force. Once described by i-D magazine as the love child of "Young Thug, Riff Raff, Yung Lean, and Lady Gaga", we knew if we asked him to curate an edit of his favourite pieces from our online store, we'd be in for a ride.

You may have seen him working the tills in our Wellington store, or on stage as hip hop/punk artist, Beach Boy. Finn O'Brien, has never cared about what anyone thought of him and takes fashion inspiration from the likes of Young Thug, Vince Vaughn, MIA and personal friend and stylist, Zoey Radford Scott. Describing his style as "classy but missing the mark on purpose", his advice on fashion? – Play it up and don't over think it.
