

Mike Rosenau
Journeyman Electrician
16747J

Thanks for choosing Green Box Mechanical

Here's a little bit about your technician...

Mike joined Green Box Mechanical in 2019. Mike was born in Germany and lived there for 6 years. He then spent time in Texas, New Mexico and Washington state before settling in Portland.

Mike started his career working in construction and furniture manufacturing. He then decided to become an electrician and began his apprenticeship years working on high end new home construction, commercial electrical work for large HVAC installations at high rises and did the electrical work for new gas stations in the Portland region. He then worked for several contractors doing both commercial and residential work. Since joining Green Box Mechanical, Mike has worked in all aspects of residential electrical work ranging from troubleshooting to EV charging station installs, hot tub installations, major home remodel projects and service/panel upgrades. In addition, Mike has worked on several large commercial projects including exterior/interior lighting retrofits, service upgrades, machinery installation and tenant improvement projects.

Mike has three adult daughters and a step-son at home.

We are a forward-thinking company that incorporates progressive technologies and environmentally friendly products in the services we provide. Our unique approach is reason for optimism, as is our integrity. We look forward to working with you and hope you enjoyed getting to know your technician, Mike Rosenau.
