

WELCOME TO SPOONVILLE

activity sheet

Let's connect with our local community by getting involved in the latest curbside craze - spoonville!

Instructions

1. Get yourself some wooden spoons, any shape or size will do. Check out your cupboards for old picnic or partyware in case you have a wannabe Spoonie ready to go.
2. Get out your craft box - texters, glue, paint, ribbons or stickers, anything will do! And decorate your Spoonie character.
3. Start your own Spoonville and see who crops up, or join someone else's you have found

RULES:

- Only use wooden spoons as they are biodegradable
- Ensure your decorations are well stuck on so that nothing can blow away
- Never take a Spoonie from someone else's Spoonville!

We'd love to see your spoonies! Share them with us by tagging us in @familyprojectau and #familyprojectau
