

Tim's Trivia with Tim Davies

activity sheet

As knowledge increases, wonder deepens. Charles Morgan

Trivia is a great way to make sure we're engaging our brains, improving our cognitive skills and leads to greater creativity, innovation and problem-solving skills.

Families across the world, separated by lockdowns and oceans have been turning to trivia as a way to reconnect and put their knowledge to the test. A bit of friendly competition is always fun too!

We enlisted the help of Quiz Master and Today Show Weatherman Tim Davies, for a very special round of Tim's Trivia! You'll just need a pen and paper for this activity, Tim will ask 10 questions and you'll have 5 seconds on the clock to answer – play as a family or individually!

Make sure to keep your answers in order and we'll go back through and score ourselves later.
