Who we are

Headquartered in both Kansas City and Topeka, Evergy employs about 4,900 people who are dedicated to empowering a better future.

Create a renewable future

Together, we generate nearly half the power we provide to homes and businesses with emission-free sources.

Empower innovation

We are committed to delivering clean, safe, reliable sources of energy today and well into the future. We're embracing alternative energy sources to generate more power with less impact to our environment, and adopting new technologies that let customers manage their energy usage.

Give back with us

If you want to work for a company that values giving back as much as you do, we want you to join our efforts to preserve the environment, support non-profit organizations and encourage volunteerism with your co-workers.

Do you want a career that's

> **Energizing**

> **Important**
