

# Humboldt

Case study | Brisbane, CA

## As-is price:

\$1,100,000

## Renovation cost:

\$108,440

## Sale price:

\$1,450,000

## Increased profit:

**\$241,560**

I was very impressed how quickly Revive Concierge was able to scope, price and then start the work. We were very keen to list the property while the market was strong, and the Revive team were able to meet our timeline. **The work quality was very high and their design and improvements had a very positive impact on the selling price (which more than covered their fees!).**
