 - 750+ employees, 18 countries, 26 locations, 130+ years in technical sales in Asia, Middle East, etc.

INQUIRIES OF ANY KIND

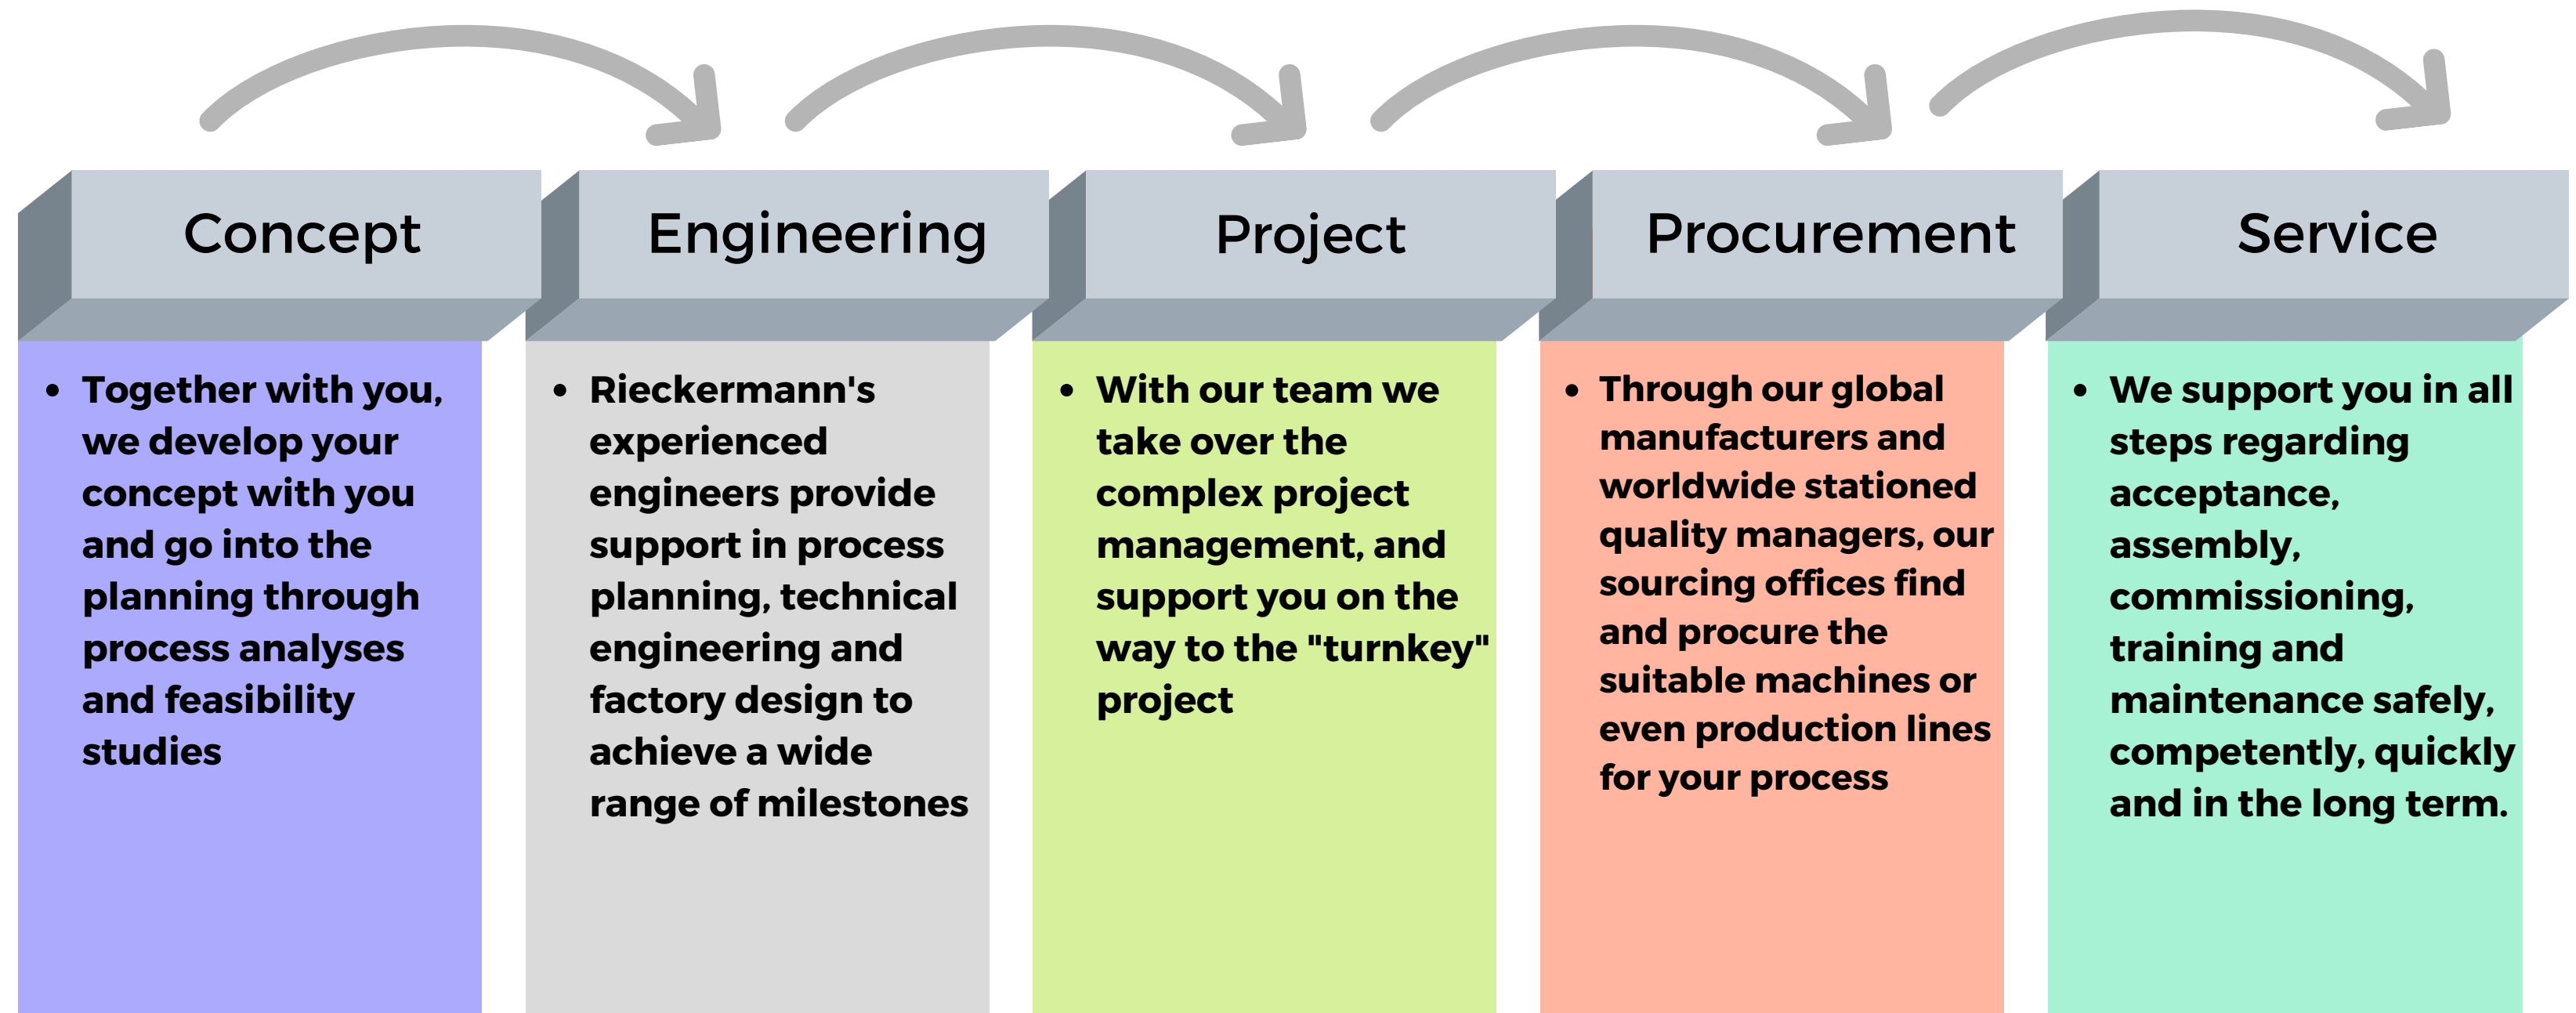

Simple.
Individual.
Efficient.

Only with Machine2B you have the possibility to benefit from a global and unique network of convincing "Hidden Champions" (machine manufacturers), in combination with the German service quality (in your local language).

We can service just about any request and get you on your way to your new production facility cost-effectively and reliably, and accompany you during implementation and operation.

OUR FULL SERVICE APPROACH

Probably the smartest mix in
your industry

WHY CAN WE DO WHAT WE OFFER?

- As a subsidiary of the Rieckermann Group, Machine2B has access to a **manufacturer network** of over 80 exclusively selected machine manufacturers from various industries and specializations.
- We **invest** in effective and fast communication and processes, as well as in reliable relationships and resilient quality.
- We live **service**! You tell us what you need, we find, deliver and service as long and as much as you want!
- The **Rieckermann Group** comprises:

250 Sales Experts

140 Service Technicians

80 Engineers

EUR **500 million** trading volume p.a.

600 Machines supplied and installed p.a

WE ARE

- A mediator
 - who **understands** both sides and knows your interests and expectations
 - who ensures successful **communication** between all parties
- A caretaker
 - who knows and removes barriers
 - who takes **responsibility**
- A partner
 - which permanently accompanies the **growth** of the customers and the manufacturers

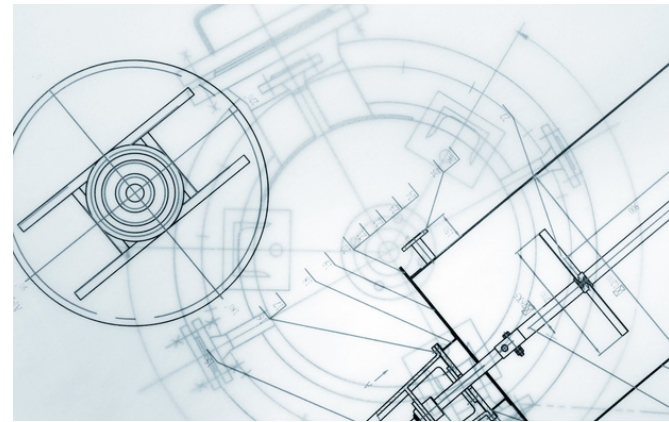

OUR SERVICE

We support you in an uncomplicated manner through our European partners, in the area of project planning, assembly, commissioning and maintenance.

With our global partner teams of **engineers** and **service technicians**, we are able to meet any challenge.

Additionally, we support you with our local service partners like the company Scholpp GmbH, an experienced and strong expert at our side.
