

21st CIMT Annual Meeting

May 15 - 17, 2024

Europe's Cancer
Immunotherapy Meeting

Information for Sponsors and Exhibitors

/

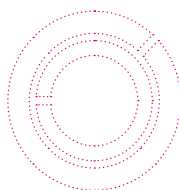

THERE IS NO CURE WITHOUT RESEARCH – ELEVATE SCIENTIFIC PROGRESS WITH YOUR SPONSORSHIP

By choosing to sponsor the 21st CIMT Annual Meeting, you are not merely supporting an event; you are propelling the future of cancer immunotherapy research and development in Europe and beyond.

As Europe's paramount meeting dedicated to cancer immunotherapy, we are the leading communications and networking platform concentrating on translational efforts, innovation, and envisioning the future landscape of the field. Your support will not only underscore your commitment to advancing scientific knowledge,

but will also significantly support the education and development of young scientists, who are the torchbearers of future breakthroughs.

As a non-profit organization, CIMT is deeply committed to fostering development and translation of cancer immunotherapies, and we genuinely cannot achieve our mission without the invaluable support from our sponsors. Align your organization with scientific excellence and innovation – sponsor the 21st CIMT Annual Meeting and become a crucial stakeholder in shaping the future of cancer immunotherapy.

About CIMT

CIMT was founded in 2002 by physicians and researchers from different fields of clinical and theoretical medicine as an independent non-profit organization to explore the field of cancer immunotherapy.

Since then, CIMT has been Europe's largest member-based information and education platform that facilitates the knowledge exchange between academic and industry scientists, physicians, and regulatory authorities who research and develop cancer immunotherapies.

In addition to its Annual Meeting, CIMT organizes educational events for early-career researchers (CIMT Summer/Winter School) and collaborates on joint international meetings, such as the CICON International Cancer Immunotherapy Conference series. CIMT is financed by donations, sponsoring, and congress fees.

For more information on the Association, please go to www.cimt.eu

/ MEETING OVERVIEW

The 21st CIMT Annual Meeting will take place at the Rheingoldhalle Congress Center in Mainz, Germany, from **May 15 – 17, 2024**.

Scientific Program

For 2024, the program committee is preparing **plenary sessions** from pre-clinical research to clinical developments on the topics of **cellular therapy, vaccines, immunomodulation, immunometabolism, tumor microenvironment, and immunobioinformatics**, covering a wide range of areas in cancer immunotherapy.

The plenary sessions will be complemented by a **poster exhibit** and selected **poster short talk sessions**.

Companies will have the opportunity to showcase their latest products and services through an **industry exhibition** and a limited number of **corporate supported Lunch and Learn** talks.

Igniting Scientific Dialogues at the Poster and Short Talk Sessions

The CIMT Annual Meeting is not merely a congregation of experts but a vibrant ecosystem where emerging scientists unveil their groundbreaking work to an international audience of specialists.

A remarkable one third of our delegates submit abstracts, and through a meticulous blind evaluation by our abstract review committee, 10% of all submissions are chosen for short talk presentation ensuring the most innovative and impactful research is showcased.

Our poster exhibit is a testament to the ingenuity and diligence of researchers from over 35 nations, providing a dynamic platform for the presentation of fresh, unpublished data and sparking inspiring dialogues during these lively sessions.

Early-career researchers are not only given a voice, but they are also celebrated—our poster awards, distributed in six categories, are determined by a dedicated prize committee who actively engage with the exhibits. Winning an award at the CIMT Annual Meeting is not just an honor; it's a potent career accelerator, spotlighting the awardees in a forum of international repute and potential future collaborations.

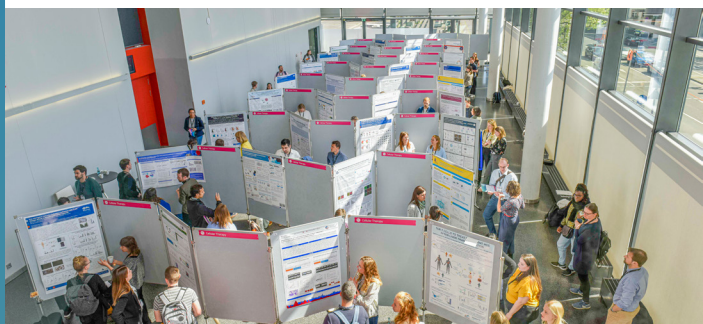

Meeting Dates and Deadlines

Abstract submission deadline:
March 9, 2024

Conference advance registration
deadline: **March 23, 2024**

Industry exhibition registration deadline:
March 23, 2024

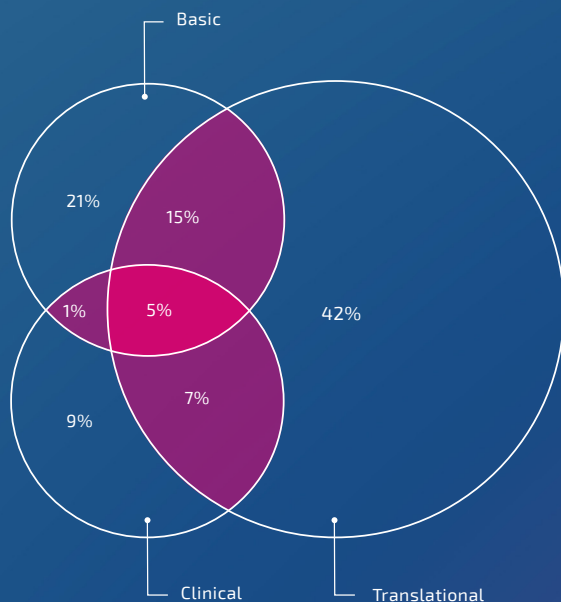

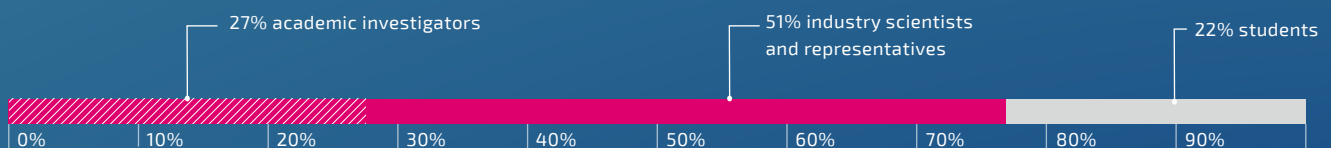

*Please note that industry booths are allocated on a first-come, first-served basis and might sell out earlier.

Meeting Facts and Numbers

Attracting around 1,000 academic and industry scientists, physicians, and representatives from regulatory authorities every year, it is the largest annual meeting dedicated to cancer immunotherapy in Europe.

Attendee Breakdown*

- Delegates from **31 countries** attended the 2023 CIMT Annual Meeting, with the majority (93%) coming from **21 European countries**.
- **56%** of the delegates have attended the meeting before.
- **93%** of the delegates would visit another CIMT Annual Meeting.
- **94%** of our participants rated the scientific rank of the Annual Meeting very good to excellent.
- **97%** rated the general meeting organization good to excellent.
- **64%** of the delegates visited the industry exhibition.

* Data based on 2023 Annual Meeting

OVERVIEW

2024 SPONSORSHIP OPPORTUNITIES

Become a sponsor of the 21st CIMT Annual Meeting and support our mission to educate young scientists and connect the stakeholders in the field of cancer immunotherapy.

Engage with over 1,000 attendees, explore and benefit from unparalleled collaborative opportunities, and gain visibility among the elite scientific community.

Explore collaborations and network with leading experts, showcase your products and services, and learn about the latest developments in the field. Benefit from a wide range of sponsorship opportunities and help make this event a success.

/ INDUSTRY EXHIBIT

The CIMT Annual Meeting is the largest meeting in Europe focused on cancer immunotherapy research and development. Exhibiting at CIMT gives you exposure to international decision-makers in experimental and commercial R&D.

The target audience for this program is basic and clinical investigators from academic institutions, industry and regulatory agencies, including basic and translational researchers, post-doctoral fellows, graduate students, clinicians, and health professionals involved in cancer research.

Conference exhibits will be displayed on the catering and poster exhibition floor of the Rheingoldhalle Congress Center and are accessible at all times during conference hours. Please note that industry booths are allocated on a first-come, first-served basis and might sell out earlier.

Rental space fee: 4,100 EUR

Rental fee (exclusive of utilities) includes 2 free exhibitor passes for every booth. CIMT will also advertise the industry exhibit to all participants.

The industry exhibit order form can be downloaded at:
www.meeting.cimt.eu/industry-exhibit

Please contact Christiane Wellié-Reeve at reeve@cimt.eu for more information.

Industry exhibition
registration deadline:
March 23, 2024

LUNCH AND LEARN COMPANY TALKS

To our industry exhibitors, we are again offering company talk slots during lunch hours. The talk gives you the opportunity to present your latest services and developments to delegates. Each talk will be 20 minutes long and will be held during the lunch breaks. There are only a limited number of slots available.

The talks will take place back-to-back at the lecture hall during lunch breaks. Exact times are to be confirmed.

Company talk fee: **6,500 EUR***

The purchase of a talk slot includes:

- Room rental and AV equipment and services: amplification, data projection technicians.
- Publication of talk program on CIMT website as well as in the printed meeting program and app
- Promotion of talks to all registered Annual Meeting participants
- One complimentary ticket for your speaker plus one additional complimentary ticket

For more information, please contact
Christine Castle at castle@cimt.eu.

*Prerequisite is the purchase of an industry booth.
