

The Track To Success

"I'm ready to tap into my potential!"

Do you (or someone on your team) need help identifying what is holding you back and what will propel you forward?

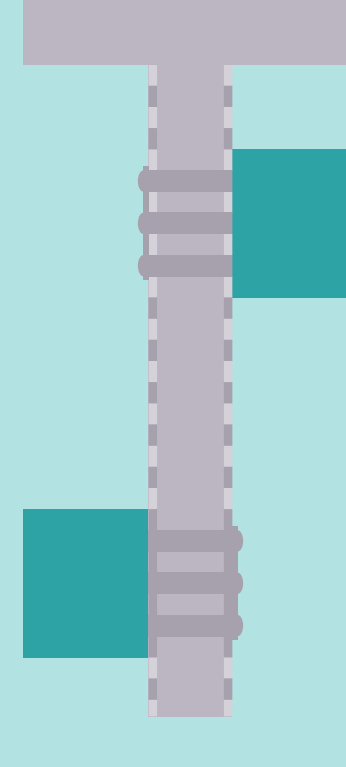

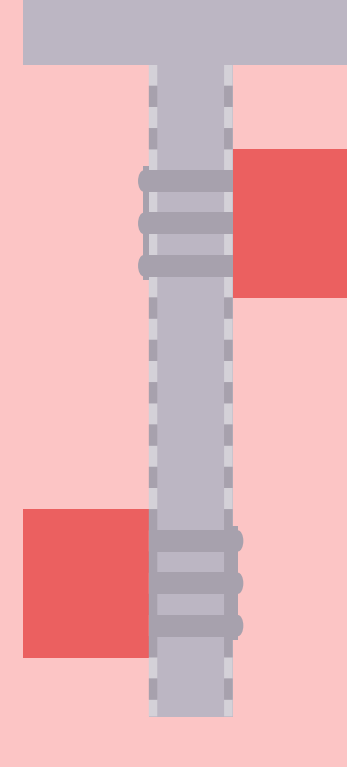

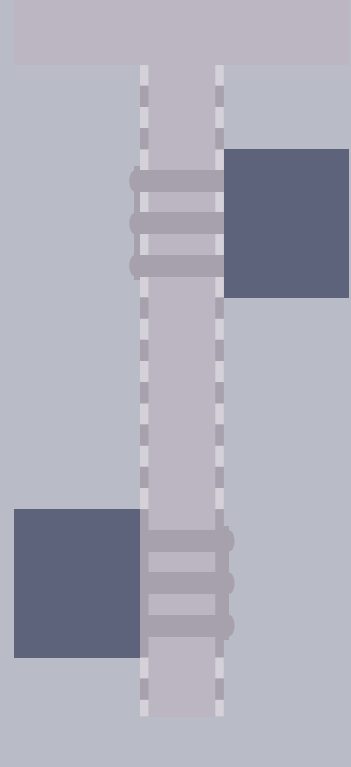

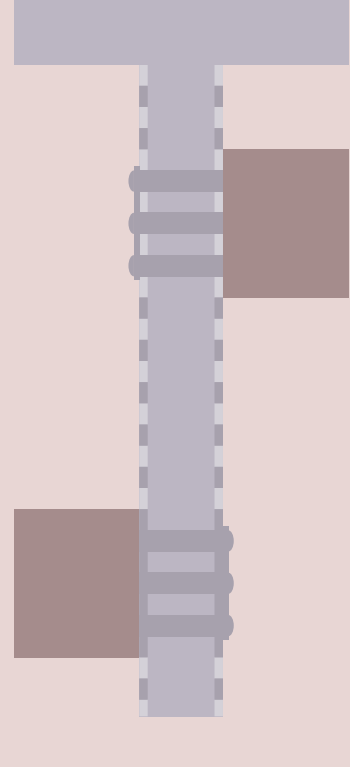

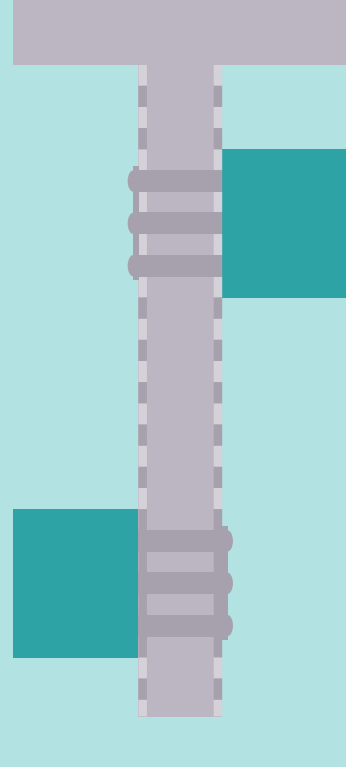

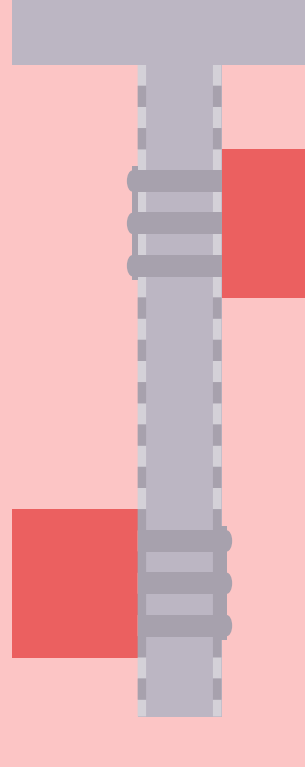

Does your team need to learn something new or address something that isn't working?

Do you want to create a reflective experience for your team that promotes personal leadership, self-development, and growth?

Is your organization ready to experience a cultural transformation?

Are you looking to facilitate a powerful event?

Are you in search of a ready-made training solution?

TAP ADVANCE

Invite accountability.

Having an Accountability Partner (AP) isn't just about staying accountable to the goals you set. Your AP will create a psychologically safe place to explore what is holding you back as well as what will propel you forward.

Address your team's needs.

Choose from a wide range of TAP topics or create a customized (live or on-demand) webinar to address your team's training needs.

A psychologically safe space.

TAP's pre-designed workshops create an experience that focuses on the learner's journey and promotes personal leadership.

Create the narrative.

Work closely with our Accountability Partners (APs) to identify your organization's training needs and create a custom narrative that fits your culture.

Captivate your audience.

Engage your audience with a powerful event that delivers a strong message, creates excitement, and builds momentum.

Easy, affordable & fun.

Our online platform can be customized to incorporate your training program.

Identify blind spots.

You may know where you want to go, but you may not always know how to get there. Your AP will create a unique environment that will help you identify and navigate blind spots, become more self-aware and address specific challenges.

No topic is off the table.

We can address product information, safety, compliance, organizational culture, new skills, or self-development.

A two-way conversation.

We use a balanced approach of training (transferring needed knowledge) and facilitating (skillfully guiding participants to an agreed upon learning outcome). This is a two-way conversation that makes space for curious questions and moments of reflection.

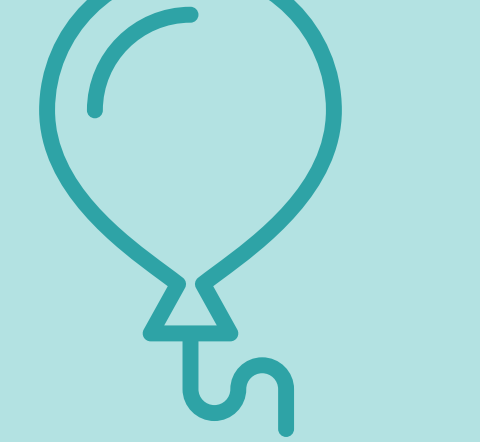

Align your learning objectives & goals.

Your AP will help you solidify the purpose of the program, confirm the learning objectives, and make sure that the program aligns with your learning goals. Our experienced content developers can creatively assist in incorporating key threads and create specific calls to action that will lead to desired outcomes, as well as help you measure success.

Deliver your message.

Our Accountability Partners (APs) are experienced international keynote speakers who can help you deliver your message with an inspirational delivery.

Advance your business.

Fill TAP Advance with industry specific training that will help your employees solve problems, hone skills, and increase productivity. They can spend 45 minutes and complete a block of training or drop in for a few minutes, once or twice a week. Either way, over time, they will begin to unlock their full potential which will advance your business!

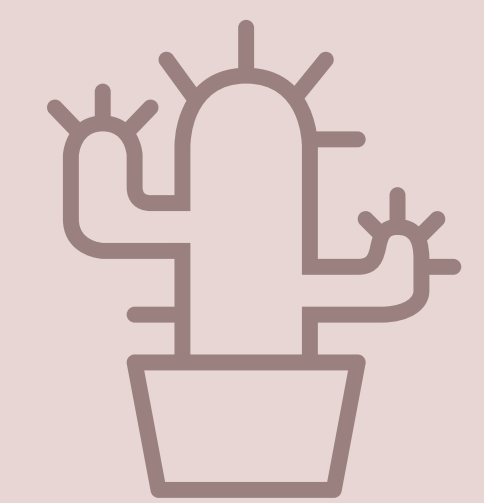

Experience a deeper level of learning.

Experience a deeper level of learning as you learn more about yourself and how others perceive you.

From the comfort of your device.

Typically, 45-60 minutes in length, virtual webinars can be delivered for any size team all from the comfort of your device.

Experience growth.

We will guide your participants in valuable conversations that encourage engagement, framing discussions that will point learners in the right direction. Applying this new knowledge, they will experience self-development and growth.

Experience a healthy culture.

Whether you are looking to create a program from the ground up, or customize one that already exists, we can help!

Influence behaviours.

Our TAP partners also include an established global event production team that will take simple or complicated ideas and breathe them to life. Create an experience that will help you take your event (in-person or virtual) to the next level.

Empower your field.

Whether you need product, safety or business training, we have an affordable solution that can work for you and your team. Ask about how our software solution can be customized to meet your field's training needs.

"TAP coaching has gone beyond any expectations I had when I started this journey; what started as a home business accountability program quickly became my lifetime guide and compass, it has provided me clarity, confidence, and alignment!"

Anyone struggling in life or business will benefit from TAP coaching."

Janeth Vasquez, Entrepreneur

"The TAP "Let's Talk About" series helped me move forward during so much uncertainty this year. I looked forward to each conversation. Shannon and the TAP team are kind, caring and forward thinking, all the while being vulnerable and relatable. My life has grown exponentially because of this; I am further ahead than I would have been had I not attended these webinars."

Monica Hawkins

"Our facilitator was great..."

"She kept the workshop really entertaining and the time just flew by..."

"The group discussions were very valuable, interactive and fun and our leaders took away something from every topic..."

"This is something every organization should invest in..."

Corporate Client Feedback

"This program has been life-changing. Thank you for providing such a safe place for me to learn and grow..."

"I loved this process and appreciated the work and effort TAP and our leaders have put into this program. I feel valued and cared for..."

"This has been the most positive and rewarding program I've ever had the privilege to be part of..."

Evol-YOU-tion Participants

"TAP provided my franchisees with a powerful, insightful start to their franchise journey. The keynote was one of our team's favourite parts! They tailored their talk to our business needs and kept our franchisees engaged, energized and prepared to conquer the world of being an entrepreneur!"

Jacqui Jepsen, President, The Pink Wand

"Investing in TAP Advance is one of the greatest things you can do for your business!"

No matter where you are in your learning development journey, the training you will find in TAP Advance will not only help you overcome challenges, but help you grow personally and professionally."

Isabelle Terry, Sales Education Manager, Mary Kay
